## SETUP

The XBG B15 mouse offers three connection modes: 2.4GHz Wireless, Bluetooth 5.0, and Bluetooth 4.0. You can switch between these modes using the 'Mode Switch' button located on the underside of the mouse.

# 2.4G & Bluetooth 5.0/4.0

3 Connection Modes

Image: Illustration showing the XBG B15 mouse connecting to a desktop PC via 2.4G wireless and to a laptop and tablet via Bluetooth (BT1 and BT2), indicating its tri-mode capability.

A mode switch indicator light on the bottom of the mouse will show the current connection mode:

- **Red Light:** 2.4G Wireless Mode
- **Blue Light:** Bluetooth 1 (BT1) Mode
- **Green Light:** Bluetooth 2 (BT2) Mode

## Mode Switch Indicator

- **Red Light:** 2.4G
- **Blue Light:** BT1
- **Green Light:** BT2

Image: Close-up of the underside of the XBG B15 mouse, showing the mode switch and the corresponding indicator lights (Red for 2.4G, Blue for BT1, Green for BT2).

## 2.4GHz Wireless Connection

1. Turn on the mouse using the ON/OFF switch on the bottom.
2. Switch the mode to 2.4G (Red Light).
3. Insert the USB receiver into an available USB port on your computer.
4. The computer should automatically detect and install the mouse.

## Bluetooth Connection (BT1/BT2)

1. Turn on the mouse using the ON/OFF switch on the bottom.
2. Switch the mode to either BT1 (Blue Light) or BT2 (Green Light).
3. Press and hold the 'Mode Switch' button for 3-5 seconds until the indicator light starts flashing rapidly. This indicates the mouse is in pairing mode.
4. On your device (laptop, tablet, PC), go to Bluetooth settings.
5. Search for new devices and select "XBG B15" from the list.
6. Once paired, the indicator light will stop flashing and remain solid for a few seconds before turning off.
7. To connect to a second Bluetooth device, switch to the other Bluetooth mode (BT2 if you used BT1, or vice versa) and repeat steps 3-6.

## OPERATING INSTRUCTIONS

---

### DPI Adjustment

The mouse features 5 adjustable DPI levels (800/1000/1200/1600/2400) to suit various tasks such as office work, graphic design, or gaming. Press the DPI button located below the scroll wheel to cycle through the DPI settings. The current DPI level will be displayed on the mouse's built-in indicator.

## 5 Adjustable Levels DPI

800-2400 DPI, easily meet different needs such as office, design, games, etc.

Image: Diagram illustrating the 5 adjustable DPI levels (800, 1000, 1200, 1600, 2400) and how to change them using the DPI button on the XBG B15 mouse.

### Silent Click Feature

The XBG B15 mouse is designed with silent buttons, providing a tactile click feel without producing audible noise. This feature is beneficial in quiet environments such as libraries, offices, or during late-night use.

Image: A person using the XBG B15 mouse silently in an office environment, with a baby sleeping in the background, demonstrating the noiseless click feature.

## Automatic Sleep Mode

To conserve battery life, the mouse will automatically enter sleep mode after 5 minutes of inactivity. To wake the mouse, simply move it or click any button.

## MAINTENANCE

---

### Charging the Mouse

The XBG B15 mouse is equipped with a built-in 500 mAh rechargeable battery and a Type-C charging port. Connect the provided USB charging cable to the mouse's Type-C port and to a USB power source (e.g., computer USB port, wall adapter). A full charge takes approximately 2 hours and can provide months of use.

# Long Lasting Battery Life

Lasts for months on a single charge

Image: The XBG B15 mouse connected to a charging cable via its Type-C port, illustrating the recharging process and highlighting its 500mAh battery capacity.

## Battery Indicator

The mouse features a 3-level battery indicator to monitor the remaining power:

- **3 lights on:** Battery 100%-75%
- **2 lights on:** Battery 75%-50%
- **1 light on:** Battery below 50%

# Visible Battery Indicator

Image: Close-up of the XBG B15 mouse's display, showing the 3-level battery indicator and its corresponding battery percentage ranges.

## Cleaning

To clean the mouse, gently wipe its surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the finish.

## TROUBLESHOOTING

### Mouse not responding:

- Ensure the mouse is turned on.
- Check the battery level and charge if necessary.
- For 2.4G connection, ensure the USB receiver is securely plugged into the computer. Try a different USB port.
- For Bluetooth connection, ensure the mouse is in the correct Bluetooth mode (BT1 or BT2) and is paired with your device. Re-pair if necessary.
- Try restarting your computer or device.

### Intermittent connection:

- Move the mouse closer to the receiver or Bluetooth-enabled device.

- Avoid using the mouse on metal surfaces, which can interfere with wireless signals.
- Ensure there are no other strong wireless interference sources nearby.

#### DPI setting not changing:

- Ensure you are pressing the dedicated DPI button.
- Check if the mouse is fully charged.
