YITAHOME 80 Gallon Resin Deck Box Instruction Manual

Model: MAYIHYLfr1

PRODUCT OVERVIEW

The YITAHOME 80 Gallon Resin Deck Box is a versatile and durable outdoor storage solution designed to protect your belongings from various weather conditions. Its spacious interior and robust construction make it ideal for storing patio cushions, gardening tools, pool gear, and other essentials. The box also features a user-friendly design with hydraulic struts for smooth operation and can double as additional seating.

SETUP AND ASSEMBLY

Assembly of the YITAHOME 80 Gallon Resin Deck Box is designed to be straightforward, typically requiring 15-30 minutes. The components are made of sturdy plastic and connect using a click-in system, minimizing the need for additional tools. Ensure all pieces are securely fastened for optimal stability.

Assembly Steps:

1. Unpack all components and verify against the parts list in your included manual.
2. Begin by assembling the base panel, ensuring all interlocking tabs are securely connected.
3. Attach the side panels to the base, clicking them into place. Ensure the handles are correctly oriented.
4. Connect the front and back panels to complete the main body of the box.
5. Install the hydraulic struts to the designated points on the box body and the lid.
6. Carefully attach the lid, aligning the hinges with the struts and securing them.

OPERATING INSTRUCTIONS

The deck box is designed for convenient access and secure storage.

Opening and Closing the Lid:

- To open, gently lift the lid using the integrated handle. The hydraulic struts will assist in smoothly raising and holding the lid open.
- To close, gently pull the lid downwards. The hydraulic struts will ensure a controlled and safe closing motion, preventing sudden drops.

Lockable Feature:

For enhanced security, the deck box includes a lockable feature. A padlock (not included) can be inserted through the designated hole on the lid to secure your stored items.

HYDRAULIC STRUT

Newly added buffer spring extends the hydraulic strut's lifespan

LOCKABLE DESIGN

Bestows outdoor storage box with safety protection
(Locks are not included)

Mobility:

The deck box is equipped with dual built-in side handles, allowing for easy movement. While lightweight, it is recommended to move the box with two people, especially when filled, to prevent strain or damage.

MAINTENANCE

The YITAHOME Resin Deck Box is constructed from robust, weather-resistant resin, designed for minimal maintenance and long-lasting performance.

Cleaning:

- Wipe down the exterior with a damp cloth and mild soap as needed.
- Avoid using abrasive cleaners or harsh chemicals, as these can damage the resin finish.

Weather Resistance:

The resin material is resistant to water, rust, UV rays, and fading, ensuring your stored items remain dry and protected from the elements. Regular inspection for any debris or blockages around the lid's seal can help maintain its weather-tight integrity.

Video 2: A demonstration of the deck box's weather resistance, showing how it protects contents during rain.

TROUBLESHOOTING

If you encounter any issues with your YITAHOME Deck Box, please refer to the following common solutions:

- Lid not closing properly:** Ensure no items are obstructing the lid's path or the hydraulic struts. Check that the box is on a level surface.
- Wobbling after assembly:** Verify that all panels are securely clicked into place. Apply firm pressure to all connections during assembly to ensure a tight fit.
- Water inside the box:** Confirm the lid is fully closed and sealed. Check for any cracks or damage to the resin material. Ensure the box is not placed in an area where water can pool around its base.

SPECIFICATIONS

PRODUCT SIZE

Storage Volume
80 Gallon

Capacity
485 LBS

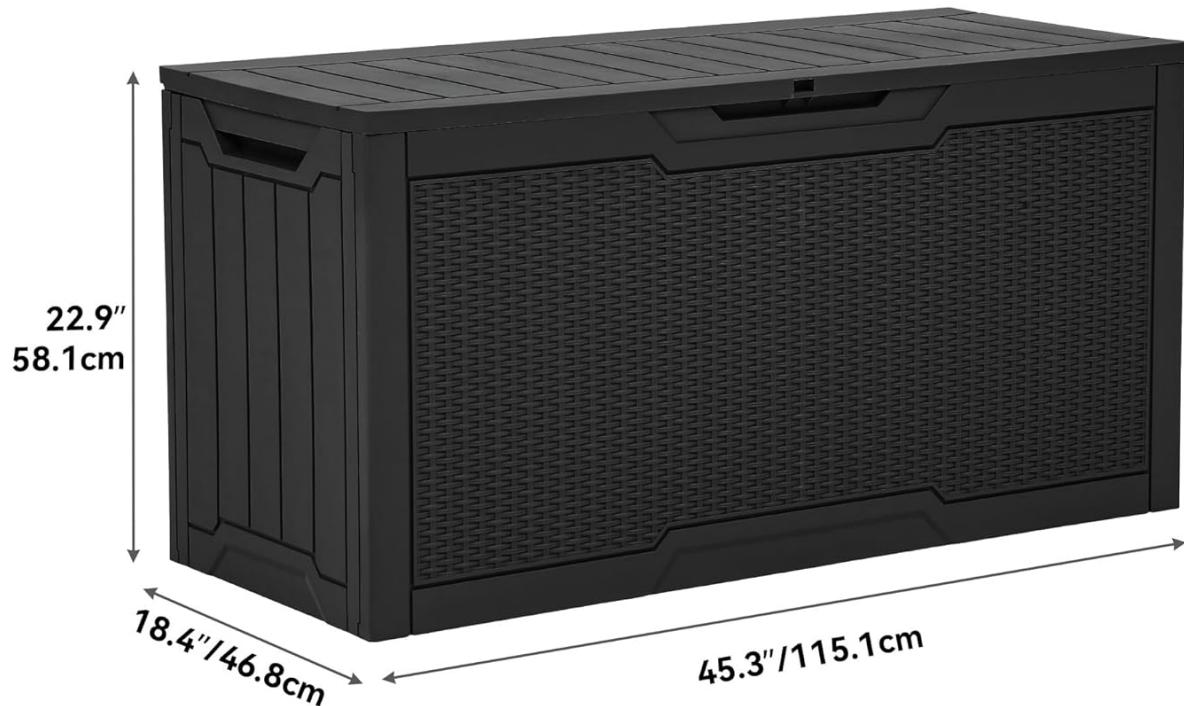

Figure 4: Detailed dimensions and capacity of the 80 Gallon Resin Deck Box.

Feature	Detail
Brand	YITAHOME
Model Number	MAYIHYLfr1
Color	Black
Material	Plastic (Resin)
Special Feature	Weathertight
