## NexaEase A4

# NexaEase Portable Blender Personal Juicer - Model A4 Instruction Manual

Welcome to your new NexaEase Portable Blender! This manual provides essential information for safe and efficient use of your personal juicer.

## Product Overview

The NexaEase Portable Blender is designed for convenient, on-the-go blending of shakes, smoothies, and other beverages. It features a powerful motor, durable blades, and a portable design with an insulated sleeve.

### Key Features

- Powerful 70W motor with 10 stainless steel blades for smooth blending.
- BPA-free, food-grade PP and SUS304 stainless steel construction.
- Safety lock mechanism ensures operation only when assembled correctly.
- One-touch operation with a 45-second automatic blending cycle.
- Lightweight and portable with an adjustable shoulder strap and insulated carrying case.
- USB-C rechargeable.

The NexaEase Portable Blender (Model A4) in white-grey with a beige insulated carrying case, surrounded by fresh berries and ice cubes.

## Package Contents

Verify that all items are included in your package:

- 1 x 27oz Portable Blender
- 1 x Insulated Bottle Sleeve
- 1 x Travel Sip Lid
- 1 x Detachable Straw
- 1 x USB-C Cable
- 1 x User Manual
- 2 x Adjustable Shoulder Straps

All included components laid out: 27oz Portable Blender, Insulated Bottle Sleeve, Adjustable Shoulder Strap (x2), Travel Sip Lid, Detachable Straw, USB-C Cable, and User Manual.

## Important Safety Information

- Do not immerse the motor base in water.
- Ensure the cup and host machine are screwed tightly before operation to engage the safety lock.
- Keep hands and utensils out of the blender during operation.
- Keep out of reach of children.
- Do not use the blender while it is charging.

## Setup

### Initial Charge

Before first use, fully charge the blender using the provided USB-C cable. The charging port is located on the motor base.

The USB-C rechargeable blender connected to a laptop, showing the Type-C charging port and a warning not to use while charging.

### Assembly

1. Ensure the motor base is clean and dry.
2. Align the blender cup with the motor base and twist clockwise until securely fastened. The indicator light will turn green when correctly assembled and ready for use. If the light is red, it is not securely connected.
3. Attach the travel sip lid to the top of the cup.

## Operating Instructions

### Blending a Drink

1. Add your desired ingredients to the blender cup. Ensure ingredients do not exceed the 500ml MAX line for optimal blending.
2. Securely attach the motor base and lid. The indicator light on the motor base should be green.
3. Double-click the power button on the motor base to start blending.
4. The blender will operate for a 45-second automatic cycle. You can stop blending at any time with a single press of the power

button.

5. For a smoother texture with frozen ingredients, tilt the blender at a 45-degree angle and gently shake during blending.

Visual guide for blending: Add ingredients, double-click to start, and enjoy your fresh drink.

## Using the Travel Lid

The travel sip lid features a secure latch. Press the button to open the drinking spout. A detachable straw is also included for convenience.

## Maintenance and Cleaning

- **Blender Cup and Lid**: The blender cup and lid are dishwasher-safe. For manual cleaning, rinse thoroughly with water.
- **Blade Assembly**: The blade assembly can be rinsed easily. For thorough cleaning, detach the cup from the motor base and carefully clean the blades.
- **Motor Base**: Wipe the motor base with a damp cloth. **Do not immerse the motor base in water.**
