KU XIU K1 pro

KU XIU K1 Pro 3-in-1 Portable Wireless Charging Station User Manual

Model: K1 Pro

INTRODUCTION

The KU XIU K1 Pro is a versatile 3-in-1 magnetic charging station designed for convenience and portability. It integrates a 10000mAh power bank with wireless charging capabilities for iPhone 12-16 series, Apple Watch, and AirPods, alongside a 20W USB-C wired charging port. Its foldable design makes it an ideal companion for travel and daily use, providing efficient power delivery for multiple devices.

WHAT'S INCLUDED

- 1* K1 Pro 10000mAh Magnetic Wireless Power Bank
- 1* Charging Cable
- 1* User Manual

Note: A 20W+ adapter is recommended for optimal performance and is not included.

SETUP

1. Initial Charging of the Power Bank

Before first use, fully charge your K1 Pro power bank. Connect the provided USB-C charging cable to the power bank's USB-C port and to a 20W or higher power adapter (not included). The indicator lights will show charging progress.

2. Unfolding the Charging Station

The K1 Pro features a precision sliding mechanism. Gently rotate the two sections of the charger to unfold it into its charging station configuration. This reveals the dedicated charging areas for your devices.

All-in-One Charging Solution

OPERATING INSTRUCTIONS

1. Wireless Charging for iPhone (MagSafe Compatible)

Place your iPhone 12-16 series (or newer MagSafe-compatible iPhone) onto the larger magnetic charging pad. The device will snap into place due to the strong magnetic suction. Wireless charging will begin automatically, delivering up to 15W fast charging.

2. Wireless Charging for Apple Watch

For Apple Watch charging (Ultra 2/Ultra/S10/9/8/7/6/5/4/3/2/SE), place your watch onto the dedicated watch charging puck.

Important: Press the power button on the power bank once each time to initiate charging for the Apple Watch. This ensures efficient power management.

SAFETY CHARGING

Safe Overnight Charging, Fast Charge & Smart Cooling,
Multi-Device Compatibility

3. Wireless Charging for AirPods

AirPods (4/3/2/Pro/Pro 2) can be charged on the smaller wireless charging area next to the watch charger. AirPods 4 noise cancelling version can be charged on the watch area. AirPods Pro/Pro 2/3 can also be charged on the phone area.

4. Wired Charging via USB-C

For other USB-C compatible devices, connect them to the power bank's USB-C port using a compatible cable. The power bank supports PD 20W output for fast wired charging.

5. Using as a Portable Power Bank

When folded, the K1 Pro functions as a compact 10000mAh power bank. Simply attach your MagSafe-compatible iPhone to the magnetic surface for on-the-go wireless charging. You can also use the USB-C port for wired charging of any compatible device.

One Charger/Power Bank For All Apple Devices

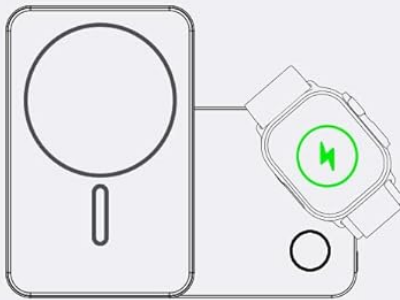

NOTE: For the watch charging area, please press the power button once each time to initiate charging.

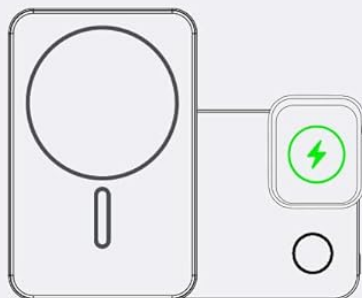

For iPhone 16/15/14/13/12 series

For AirPods 4 with Active Noise Cancellation Pro/Pro 2/3

7. Checking Power Bank Status

The power bank features indicator lights to show its remaining battery capacity. Refer to the small LED indicators on the side of the device to check the charge level.

SAFETY INFORMATION

The K1 Pro is equipped with intelligent charging systems and safety features to protect your devices and the power bank itself. These include:

- **NTC Temperature Sensor:** Monitors and regulates the device's temperature to prevent overheating during charging.
- **Foreign Object Detection (FOD):** Prevents charging when foreign metal objects are detected on the wireless charging surface, ensuring safety and preventing damage.
- **Overcharge Protection:** Automatically stops charging once devices are fully charged to extend battery lifespan.
- **Short-Circuit Protection:** Safeguards against electrical shorts.

Always use the product in a well-ventilated area and avoid exposing it to extreme temperatures, direct sunlight, or moisture. Do not disassemble or attempt to repair the device yourself.

Device	Charging Times
iPhone 16 Pro	About 1.8 times
iWatch 9	About 17-20 times
AirPods Pro 2	About 10-12 times

SPECIFICATIONS

Brand	KU XIU
Model Number	K1 pro
Product Dimensions	4.1 x 2.7 x 0.77 inches
Item Weight	13.4 ounces
Battery Capacity	10000mAh
Wireless Charging Output (iPhone)	Up to 15W
Wireless Charging Output (Apple Watch/AirPods)	5W
USB-C Input/Output	PD 20W (Max)
Color	Black
Country of Origin	China

MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the charger to liquids, dust, or extreme temperatures.
- Store the device in a cool, dry place when not in use.
- Do not drop or subject the device to strong impacts.

TROUBLESHOOTING

1. Device Not Charging Wirelessly

- Ensure your device is properly aligned on the charging pad.
- Check for any foreign objects (keys, coins) between the charger and your device.
- Verify that your device is wireless charging compatible.
- For Apple Watch, remember to press the power button once to activate charging.
- Ensure the power bank itself has sufficient charge.

2. Slow Charging

- Use a 20W or higher power adapter for optimal charging speed when recharging the power bank.
- Ensure your device supports fast wireless charging (15W for iPhone).
- Remove any thick phone cases that might impede wireless charging efficiency.

3. Power Bank Not Turning On/Responding

- Attempt to recharge the power bank.
- Press and hold the power button for a few seconds to see if it resets.
