eclife Bathroom Pedestal Sink Storage Cabinet (Model THKFBV137) Instruction Manual

Model: THKFBV137

1. Introduction

Thank you for choosing the eclife Bathroom Pedestal Sink Storage Cabinet. This cabinet is designed to provide additional storage space in your bathroom, specifically fitting under most standard pedestal or wall-mounted sinks. Its modern linear design and U-shaped cut-out offer a practical and stylish solution for organizing toiletries and other bathroom essentials. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation.

2. Safety Information

- **Assembly Required:** This product requires self-assembly. Please follow all instructions carefully to avoid injury or damage to the product.
- **Measure Before Purchase:** Before purchasing and assembling, it is highly recommended to measure your sink's dimensions, especially the pedestal or plumbing area, to ensure compatibility with the cabinet's U-shaped cut-out. The U-cut-out dimensions are approximately 9.1" W x 8.3" D.
- **Secure Placement:** Ensure the cabinet is placed on a stable, level surface.
- **Weight Limit:** Do not overload the shelves or countertop. Distribute weight evenly.
- **Child Safety:** Keep small parts and packaging materials away from children during assembly.
- **Tools:** Use appropriate tools for assembly as specified in the instructions.

3. Package Contents

Verify that all components listed below are present before beginning assembly:

- Cabinet panels (top, bottom, sides, back, doors)
- Hardware bag (screws, hinges, magnetic catches, handles)
- Assembly Instructions manual

4. Specifications

Feature	Detail
Brand	eclife
Model Name	THKFBV137
Color	White
Product Dimensions	23.6" W x 11.8" D x 23.6" H
U-Cut-Out Dimensions	9.1" W x 8.3" D
Material	Engineered Wood (MDF)
Finish Type	Painted
Mounting Type	Floor Mount (Freestanding)
Number of Shelves	2 (interior)
Handle Material	Metal
Item Weight	26 Pounds

5. Assembly Instructions

Please ensure you have all parts and tools before starting. A Phillips head screwdriver is typically required.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the included parts list to identify each piece.
2. **Assemble Side Panels and Base:** Attach the side panels to the bottom panel using the provided screws and dowels. Ensure the pre-drilled holes for shelves and hinges are correctly oriented.
3. **Install Shelves:** Insert the shelf pins into the desired height holes on the side panels. Place the interior shelves onto the pins.
4. **Attach Back Panel:** Secure the back panel to the assembled frame using small nails or screws. Ensure it is flush with the edges.
5. **Install Doors and Hardware:**
    - Attach hinges to the cabinet doors and then to the side panels of the cabinet.
    - Install the metal handles onto the doors.
    - Attach the magnetic door catches to the top interior of the cabinet and corresponding plates to the doors to ensure they close securely.

6. Operating Instructions

The eclife Pedestal Sink Storage Cabinet is designed for straightforward use.

- **Opening/Closing Doors:** Gently pull the metal handles to open the cabinet doors. Push the doors firmly until the magnetic catches engage to close them securely.
- **Adjusting Shelves:** The interior shelves are adjustable. To change shelf height, remove items from the shelf, lift the shelf, reposition the shelf pins to the desired height, and then place the shelf back onto the pins.
- **Storage:** Utilize the interior shelves and countertop for storing toiletries, cleaning supplies, and other bathroom items.

7. Maintenance

Proper care will extend the life and appearance of your cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the painted finish.
- **Spills:** Promptly wipe up any spills, especially water, to prevent moisture damage to the engineered wood.
- **Hardware:** Periodically check and tighten any loose screws or hardware to maintain stability.
- **Avoid Direct Heat/Moisture:** While designed for bathrooms, avoid prolonged exposure to excessive heat or moisture.

8. Troubleshooting

If you encounter any issues, refer to the following common solutions:

- **Doors do not close properly or have a gap:**
  - Check that the cabinet is assembled squarely and placed on a level surface. Uneven surfaces can cause doors to misalign.
  - Inspect the hinges. They may need adjustment. Most cabinet hinges allow for minor adjustments using a screwdriver to align the doors.
  - Ensure the magnetic catches are properly installed and aligned with the plates on the doors.
- **Cabinet feels wobbly:**

- Verify that all screws are securely tightened. Do not overtighten.
- Ensure the cabinet is on a flat, stable floor. Use shims if necessary to level the cabinet.

- **U-shaped cut-out does not fit my sink:**
  - The cabinet is designed with a standard U-cut-out (9.1" W x 8.3" D). If your sink's pedestal or plumbing is larger, the cabinet may not fit flush. Please refer to the dimensions provided in Section 4 and measure your sink carefully before purchase.

9. Warranty and Support

eclife stands behind the quality of its products. For any questions regarding assembly, missing parts, or product defects, please contact eclife customer support directly. Keep your purchase receipt for warranty claims.
Contact Information: Refer to your purchase platform or the eclife official website for the most current customer service contact details.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
