RXQMXG AC Adapter Charger

RXQMXG AC Adapter Charger User Manual

INTRODUCTION

This manual provides essential information for the safe and effective use of your RXQMXG AC Adapter Charger. This adapter is designed to be compatible with devices requiring a 100-240 VAC 50/60Hz input, such as the Innov IVP1200-1000 Switching Power Supply. Please read these instructions carefully before use and retain them for future reference.

The package includes one RXQMXG AC Adapter Charger with a US plug and power cord.

PRODUCT OVERVIEW

Image: The RXQMXG AC Adapter Charger connected to a power outlet, illustrating its compact design and cable length.

The RXQMXG AC Adapter Charger is a compact and lightweight power solution. It features a 4-foot power cord and is designed for universal use in various settings including bedrooms, living rooms, offices, and homes. The adapter incorporates multiple safety features to protect your devices.

SETUP

- Verify Compatibility:** Before connecting, confirm that your device's input voltage, input current, plug size, and plug polarity (negative plug) match the specifications of this RXQMXG AC Adapter Charger. The input for this adapter is 100-240 VAC 50/60Hz.
- Connect to Device:** Insert the adapter's output plug securely into your device's power input port.

3. **Connect to Power Outlet:** Plug the adapter's US plug into a standard 100-240V AC wall outlet.

4. **Power On:** Once connected, your device should receive power.

Important: If you are unsure about compatibility, please refer to the Troubleshooting section or contact customer support with your device model and parameters.

OPERATING INSTRUCTIONS

The RXQMXG AC Adapter Charger is designed for straightforward operation. Once properly connected to a compatible device and a power outlet, it will automatically supply power. No additional configuration is required.

Multiple Jacks For Wide Compatibility

Humidifier

Table Lamp

Baby Monitor

Mini Fan

Pet cleaning machine

LED Strip Light

Speaker

camera

Router

MAINTENANCE

- **Ventilation:** When using the adapter for extended periods, ensure it is placed in a well-ventilated area to prevent overheating.
- **Humidity:** Avoid exposing the adapter to high humidity or wet conditions.
- **Surface Placement:** Do not place the adapter on skin products or other materials that may obstruct ventilation or retain heat.

- **Cleaning:** Disconnect the adapter from the power outlet and device before cleaning. Use a dry, soft cloth to wipe the surface. Do not use liquid cleaners.

SAFETY INFORMATION

Your RXQMXG AC Adapter Charger is equipped with multiple protection features to ensure safe operation:

- **Over Voltage Protection:** Safeguards against excessive voltage input.
- **Over Current Protection:** Prevents damage from excessive current draw.
- **Short Circuit Protection:** Protects against short circuits.
- **Over Heat Protection:** Monitors and prevents the adapter from overheating.
- **Over Charge Protection:** Protects connected devices from overcharging.

General Safety Precautions:

- Do not open or modify the power supply, power cord, or power cable. Unauthorized modifications can be dangerous and void the warranty.
- Keep the adapter and its cords away from children. High voltage power sources can pose a serious risk.
- This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

TROUBLESHOOTING

- **Device Not Powering On:**

- Ensure the adapter is securely plugged into both the wall outlet and your device.
- Verify that the wall outlet is functional by testing it with another device.
- Re-check the compatibility of the adapter with your device (input voltage, current, plug size, and polarity).

- **Adapter Overheating:**

- Ensure the adapter is in a well-ventilated area and not covered by any materials.
- Disconnect the adapter and allow it to cool down before re-use. If overheating persists, discontinue use.

Warm Tips: If you are unsure if the adapter matches your device, or if you encounter persistent issues, you can send an email to customer support. Please provide your device model and parameters (such as input voltage, input current, plug size, and plug polarity) for assistance.

SPECIFICATIONS

Feature	Detail
Input Voltage	AC 100V-240V, 50/60Hz
Output	Please confirm with your device's requirements (e.g., 12V 1A)
Connector Type	Round, Negative Plug
Power Cord Length	4 feet (approximately 1.2 meters)
Compatible Devices	Laptops, PC, Speakers, Tablets, and other devices requiring compatible power specifications (e.g., Innov IVP1200-1000)
Safety Features	Overcurrent Protection, Overvoltage Protection, Short Circuit Protection, Over Temperature Protection, Over Charge Protection
Color	Black
Item Weight	3 ounces
Package Dimensions	3 x 2 x 1 inches
