Xixini 6-Drawer Dresser Instruction Manual

Model: HLG032-GOK

1. INTRODUCTION

Thank you for choosing the Xixini 6-Drawer Dresser. This manual provides detailed instructions for the safe assembly, operation, and maintenance of your new furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This dresser is designed for organizing clothes, accessories, and household items, suitable for various rooms including bedrooms, living rooms, hallways, and entryways. Its sturdy construction and modern design ensure both functionality and aesthetic appeal.

2. SAFETY INFORMATION

To prevent accidents and ensure stability, it is crucial to install the anti-tipping device provided with your dresser. Always secure the dresser to a wall according to the instructions.

Multipurpose Use:

Beyond a traditional bedroom dresser, this unit can serve multiple functions:

- **TV Stand:** The wide wooden tabletop can support a television, making it suitable for living rooms or entertainment areas.
- **Storage Cabinet:** Ideal for closets, entryways, or hallways to store various household items.
- **Side Table/Nightstand:** Can be used in larger bedrooms as a spacious nightstand.

7. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your Xixini dresser.

Cleaning:

- Wipe the surface with a damp cloth.
- Air-dry the surface immediately after wiping.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- Do not place oil-based products directly on the surface, as they may affect the paint finish.

Stability:

- The dresser features adjustable rubber feet. Use these to level the dresser on uneven floors and enhance overall stability.
- Regularly check the anti-tipping device to ensure it remains securely fastened.

8. TROUBLESHOOTING

If you encounter any issues during or after assembly, please refer to the following common solutions:

Drawers Not Sliding Smoothly or Not Flush:

- **Check Assembly:** Ensure all drawer slides are installed correctly and on the proper sides (left/right). A common mistake is misaligning the slides.
- **Verify Hardware:** Confirm all screws are tightened, but not overtightened, and that no hardware is obstructing the drawer path.
- **Re-align Components:** If drawers are not flush, carefully re-check the assembly steps for the main frame and drawer boxes. Slight adjustments to screw tightness can sometimes resolve alignment issues.
- **Level the Dresser:** Use the adjustable feet to ensure the dresser is perfectly level on the floor. An unlevel dresser can cause drawers to stick or not sit flush.

Missing or Damaged Parts:

- Refer to the package contents list and contact Xixini customer support immediately for replacements.
