# Bewinner Ring Shape VR Remote Controller & Bluetooth Gamepad User Manual

Model: Bewinnerm0inc8eap4

## 1. INTRODUCTION

---

Thank you for choosing the Bewinner Ring Shape VR Remote Controller & Bluetooth Gamepad. This device offers versatile control for various applications, including gaming, selfie capture, page turning, mouse control, and sound adjustment. Its compact and ergonomic design ensures comfortable use across multiple platforms.

This manual provides detailed instructions for setting up, operating, and maintaining your controller to ensure optimal performance and longevity.

## 2. PACKAGE CONTENTS

---

Please verify that all items are present in your package:

- 1 x Bewinner Bluetooth VR Remote Controller
- 1 x Data Cable (for charging)
- 1 x User Manual (this document)

## 3. SETUP

---

### 3.1 Charging the Controller

The controller features a built-in 180mAh Lithium Ion Battery. Before first use, it is recommended to fully charge the device.

1. Connect the provided data cable to the charging port on the controller.
2. Plug the other end of the data cable into a standard USB power source (e.g., computer USB port, USB wall adapter).
3. The charging indicator (if present) will illuminate during charging and turn off or change color when fully charged.

### 3.2 Bluetooth Pairing

The controller connects wirelessly via Bluetooth to your devices.

1. Ensure the controller is sufficiently charged.

2. Locate the ON/OFF switch on the side of the controller and slide it to the 'ON' position.
3. On your device (VR glasses, mobile phone, tablet, or computer), navigate to the Bluetooth settings.
4. Enable Bluetooth and search for available devices.
5. Select the device named 'VR-BOX' or similar from the list to initiate pairing.
6. Once paired, the controller's indicator light may change or stop flashing, indicating a successful connection.

## 4. OPERATING INSTRUCTIONS

---

The Bewinner controller offers multiple functions depending on the mode and connected device.

### 4.1 Button Layout and Functions

## Function: Game Control, Selfie, Page Turning, Mouse Control, Sound Adjustment, etc.

Image: An illustration depicting the controller's multi-functional capabilities, including gaming, selfie, page turning, mouse, and sound control.

- **Joystick:** Used for directional movement in games, navigation in menus, or mouse cursor control.
- **A/B/C/D Buttons:** These buttons typically correspond to actions in games, selection, or specific functions depending on the application.
- **ON/OFF Switch:** Powers the controller on or off.
- **Side Button (often 'M' or similar):** May be used for mode switching or specific actions. Refer to your device's application for specific button mappings.

### 4.2 Specific Use Cases

- **Gaming Control:** Connect to your smartphone or VR headset to control compatible games. The joystick provides movement, and the A/B/C/D buttons trigger actions.
- **Selfie Timer:** When connected to a mobile phone, the controller can act as a remote shutter button for taking photos. This is particularly useful for group selfies or stable shots.

Image: The controller positioned next to a smartphone on a tripod, demonstrating its use as a remote shutter for capturing group photos.

- **Page Turning:** In e-readers or presentation software, the controller can be used to advance or go back pages.
- **Mouse Control:** For compatible devices, the joystick can move a cursor, and buttons can act as clicks, providing basic mouse functionality.
- **Sound Adjustment:** Some applications or devices may allow the controller's buttons to adjust volume.

Image: The Bewinner controller is depicted hovering above a tablet, illustrating its compatibility and potential for controlling tablet functions.

## 5. MAINTENANCE

---

To ensure the longevity and proper functioning of your Bewinner controller, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the controller. Avoid using harsh chemicals, solvents, or abrasive materials, as these can damage the finish.
- **Storage:** Store the controller in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Avoid fully discharging the battery frequently. If storing for an extended period, charge the controller to approximately 50% and recharge every few months to prevent deep discharge.
- **Avoid Drops:** Protect the controller from physical shocks and drops, which can damage internal components.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Bewinner controller, refer to the following common problems and

solutions:

- **Controller does not power on:**

- Ensure the ON/OFF switch is in the 'ON' position.
- Charge the controller using the provided data cable. The battery may be depleted.

- **Unable to pair via Bluetooth:**

- Ensure Bluetooth is enabled on your device and the controller is powered on.
- Move the controller closer to your device.
- Turn off and on both the controller and your device's Bluetooth.
- Forget the device in your Bluetooth settings and attempt to pair again.

- **Controller is connected but not responding:**

- Check if the application or game you are using supports external controllers.
- Restart the application or game.
- Disconnect and reconnect the Bluetooth connection.
- Ensure the controller is in the correct operating mode for your device (if applicable).

- **Short battery life:**

- Ensure the controller is fully charged before use.
- Reduce usage of power-intensive features if possible.
- The controller is designed for low power consumption, offering extended standby time. If battery life significantly degrades, contact support.

# Low power consumption extremely long standby time.
