Yaheetech Fillable Mobile Umbrella Base Instruction Manual

Model: 593249 Black

INTRODUCTION

Thank you for choosing the Yaheetech Fillable Mobile Umbrella Base. This heavy-duty patio umbrella pole holder is designed to provide stable and mobile support for your outdoor umbrella. Its fillable capacity allows for customizable weight, and the integrated wheels ensure easy repositioning. Please read this manual carefully before assembly and use to ensure proper operation and longevity of your product.

SAFETY INFORMATION

- Ensure the base is filled to the recommended capacity (water, sand, or mix) for optimal stability, especially in windy conditions.
- Always lock the wheels when the umbrella base is in its desired position to prevent unintended movement.
- Do not attempt to move the base with an umbrella inserted and open during strong winds. Close the umbrella first.
- Keep children and pets away from the umbrella base during movement or filling operations.
- Regularly check all connections and screws to ensure they are tight and secure.
- Avoid placing the base on uneven surfaces, which could compromise stability.

PARTS LIST

Please verify that all components are present before beginning assembly:

- Umbrella Base (1)
- Umbrella Pole Holder/Tube (1)
- Thumb Screws (2)
- Lockable Wheels (4) - (May be pre-attached or require attachment)

Sturdy Iron
Metal Tubing

Dual Thumb
Screws

SETUP

1. **Attach Wheels (if not pre-attached):** If the wheels are not already attached, carefully insert each of the four lockable wheels into the designated slots on the underside of the base. Ensure they click securely into place.
2. **Insert Pole Holder:** Place the umbrella pole holder/tube into the central opening on the top of the base. Ensure it is seated firmly.
3. **Secure Pole Holder:** Locate the two thumb screws. Insert them into the threaded holes on the side of the pole holder and tighten them to secure the holder to the base. Do not overtighten.
4. **Fill the Base:**
 - Open the filling cap located on the top surface of the base.
 - Fill the base with your chosen material:
 - **Water:** Up to 37 liters (approx. 82 lb / 37 kg)
 - **Sand:** Up to 60 kg (approx. 132 lb)

- **Water-Sand Mix:** Up to 56 kg (approx. 123 lb)

- Close the filling cap tightly to prevent leakage.

5. **Position the Base:** Roll the base to your desired location. Ensure the surface is level.

6. **Lock the Wheels:** Engage the locking mechanism on each of the four wheels to secure the base in place.

REUSABLE FILLABLE

Water Capacity: 37L

Sand and Water Mix Capacity: 123 lbs

Top Water Inlet
For adding water
and sand

Side Drainage Outlet
Convenient for emptying
the filling material

TWO THUMB SCREWS

Keep the umbrella fixed and secure

Image: Close-up of the umbrella pole holder showing the two thumb screws, with arrows indicating the tightening direction to keep the umbrella fixed and secure.

OPERATING INSTRUCTIONS

1. **Inserting the Umbrella Pole:** Insert the pole of your patio umbrella into the pole holder. The base is suitable for umbrella poles with diameters of 1.5 inches (38mm) and 1.9 inches (48mm).
2. **Securing the Umbrella Pole:** Tighten the two thumb screws on the pole holder until the umbrella pole is firmly secured and does not wobble.
3. **Moving the Base:** To reposition the base, first close your umbrella. Then, unlock all four wheels. Carefully push or pull the base to the new desired location. Once in place, re-lock all wheels.
4. **Emptying the Base:** To empty the base, unlock the side drainage outlet and allow the contents to drain. This is useful for seasonal storage or when moving the base over long distances.

EASY TO MOVE & BRAKE

Four lockable universal wheels make movement effortless while keeping the base in place

SUITABLE FOR 6-12FT OUTDOOR UMBRELLAS

6 FT

7.5 FT

10 FT

12 FT

1. Sturdy base with double thumb screws
2. Suitable for umbrella poles with diameters of 1.5in (38mm) and 1.9in (48mm)
3. Tighten the thumb screws

Image: Details on umbrella pole compatibility, showing the sturdy base with double thumb screws and suitability for umbrella poles with diameters of 1.5in (38mm) and 1.9in (48mm).

MAINTENANCE

- **Cleaning:** Wipe the base with a damp cloth and mild soap as needed. Avoid harsh chemicals or abrasive cleaners that could damage the faux-rattan finish.
- **Seasonal Storage:** For prolonged periods of non-use, especially during winter, it is recommended to empty the base of water or sand to prevent freezing damage or material degradation. Store the base in a dry, sheltered area.
- **Inspection:** Periodically inspect the base, pole holder, and wheels for any signs of wear, damage, or loose connections. Tighten thumb screws as necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Umbrella base is unstable.	Base not sufficiently filled; wheels not locked; uneven surface.	Ensure base is filled to maximum capacity. Lock all four wheels. Move base to a level surface.
Difficulty moving the base.	Wheels are locked; debris in wheels.	Unlock all four wheels. Check wheels for any obstructions and clear them.
Umbrella pole wobbles in holder.	Thumb screws are loose; incorrect pole diameter.	Tighten both thumb screws firmly. Ensure your umbrella pole diameter is within the supported range (1.5in or 1.9in).
Water leakage from base.	Filling cap or drainage outlet not securely closed.	Ensure both the top filling cap and side drainage outlet are tightly sealed.

SPECIFICATIONS

Feature	Detail
Model	593249 Black
Color	Black
Materials	PP, PVC, Iron, PE
Assembled Dimensions (L x W x H)	56 cm x 56 cm x 42.5 cm (22" L x 22" W x 17" H)
Water Capacity	37 L (approx. 82 lb / 37 kg)
Sand Capacity	60 kg (approx. 132 lb)
Water-Sand Mix Capacity	56 kg (approx. 123 lb)
Assembled Weight (Empty)	5.5 kg (12.2 lb)
Compatible Umbrella Pole Diameters	1.5 inches (38mm) and 1.9 inches (48mm)
Wheels	4 Lockable Universal Wheels
