SETUP

The dumpling maker is ready for use directly out of the packaging. Ensure all components are clean before first use.

1. Unpack all components from the packaging.
2. Wash the main dough press unit and the bun mold with warm soapy water.
3. Rinse thoroughly and dry completely before use.

DUMPLING MAKING METHOD

It is easy to clip out the shape and both adults and children can operate it

1. Add the kneaded dough

2. Press hard to shape

3. Put the dumpling wrapper

4. Add the dumpling filling

5. Fold the dumpling in half and press tightly

6. Production is completed

OPERATING INSTRUCTIONS

Making Dumpling Wrappers

1. Prepare your dough. Roll it into a small ball, approximately the size of a large marble.
2. Place the dough ball onto the designated "Dough Pressing Area" on the main unit.
3. Close the handle firmly to press the dough into a uniform wrapper.
4. Open the handle and carefully remove the freshly pressed dumpling wrapper.

Filling and Sealing Dumplings

1. Place a freshly made dumpling wrapper into the "Dumpling Wrapping Area" of the main unit.
2. Add your desired filling to the center of the wrapper. Do not overfill.
3. Fold the unit in half and press the handles firmly together to seal the dumpling. The crimped edges will create a secure seal.
4. Open the unit and remove the completed dumpling.

Using the Bun Mold

1. Pinch out a piece of dough of appropriate size for the bun mold.
2. Place the dough in the middle of the bun mold.
3. Add your desired filling into the dough.
4. Gently close the dough around the filling.
5. Press the dough firmly into the mold to fill the entire shape.
6. Carefully remove the formed bun from the mold.

STEPS TO USE THE BUN MOLD

Put the dough into the mold and pour in the delicious meat filling to complete

1. Pinch out the dough of appropriate size

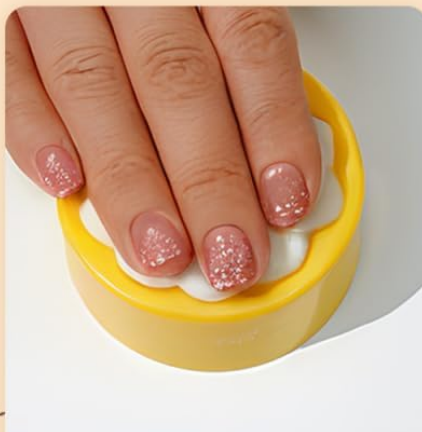

2. Put the dough in the middle

3. Add fillings

4. Close the dough

5. Press to fill the entire mold

6. Gently remove from the mold to complete

MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your dumpling maker.

- **Cleaning:** After each use, wash all components with warm, soapy water. The food-grade PP material is designed for

- easy cleaning.
- **Drying:** Ensure all parts are thoroughly dried before storage to prevent water spots or residue buildup.
 - **Storage:** Store the tool in a clean, dry place. Its compact design allows for easy storage.

The manufacturer recommends keeping the product clean.

TROUBLESHOOTING

If you encounter any issues while using the ULTECHNOVO Manual Dumpling Wrapper Maker Tool, consider the following:

- **Dough sticking:** Ensure your dough is properly floured or lightly oiled to prevent sticking to the mold. Adjust dough consistency if necessary.
- **Incomplete seal:** Do not overfill the dumpling. Ensure the edges of the wrapper are clean and free of excess flour or filling before pressing to achieve a tight seal.
- **Uneven wrappers:** Apply firm and even pressure when pressing the dough.

For further assistance, please contact ULTECHNOVO customer support.
