## PawHut D32-031V00BK

# PawHut Weld Wire Catio Outdoor Indoor Cat Enclosure Instruction Manual

Model: D32-031V00BK

## INTRODUCTION

---

This manual provides essential instructions for the safe assembly, operation, and maintenance of your PawHut Weld Wire Catio Outdoor Indoor Cat Enclosure. Please read this manual thoroughly before assembly and retain it for future reference.

## SAFETY INFORMATION

---

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assembly should be performed by at least two adults for safety and ease.
- Place the catio on a flat, stable surface.
- Regularly inspect the catio for loose connections, damage, or wear. Tighten fasteners as needed.
- This product is designed for cats. Do not allow children to climb or play inside the catio unsupervised.
- For outdoor use, consider anchoring the catio to prevent tipping in strong winds.

## PACKAGE CONTENTS

---

Verify that all components listed below are included in your package:

- Weld Wire Panels (various sizes)
- Frame Connectors
- Waterproof Cover
- Jumping Platforms (4 units)
- Hammock (1 unit)

- Assembly Hardware (bolts, nuts, Allen wrench, small wrench)
- Instruction Manual

## SETUP AND ASSEMBLY

---

Follow these steps carefully for proper assembly. Two people are recommended for easier installation.

1. **Unpack and Identify Parts:** Lay out all components and compare them with the package contents list.
2. **Assemble the Base Frame:** Connect the bottom wire panels using the provided connectors and hardware. Ensure all connections are secure but do not fully tighten until the entire frame is assembled.
3. **Erect Side and Back Panels:** Attach the side and back wire panels to the base frame and to each other using the connectors.
4. **Install the Door Panel:** Integrate the door panel into the front section of the catio. Ensure the secure latches are functional.
5. **Attach the Top Frame:** Secure the top wire panels to complete the main structure.
6. **Install Jumping Platforms:** Position the four jumping platforms at desired heights within the enclosure. Secure them firmly using the provided hardware. These can be adjusted to suit your cat's agility.
7. **Hang the Hammock:** Attach the soft hammock to the top section of the catio.
8. **Apply Waterproof Cover:** Drape the waterproof and UV-resistant Oxford cloth cover over the top of the catio, securing it as instructed to protect against weather elements.
9. **Final Tightening:** Once all panels and accessories are in place, go back and fully tighten all bolts and nuts to ensure maximum stability.

## OPERATING INSTRUCTIONS

- **Placement:** Position the catio in a suitable outdoor or indoor location, ensuring it is on a level surface.
- **Cat Introduction:** Gently introduce your cats to the enclosure. Allow them to explore at their own pace.
- **Using Platforms and Hammock:** Encourage your cats to use the jumping platforms and hammock for climbing, resting, and observation. You may place treats or toys on them initially.
- **Access:** Use the secure door for easy access to your cats and for placing food, water, or litter boxes inside. Always ensure the door is securely latched when cats are inside.
- **Supervision:** While the catio provides a secure environment, periodic supervision is recommended, especially during initial use.

## MAINTENANCE

- **Cleaning:** Regularly clean the wire panels and platforms with a pet-safe cleaner and water. The waterproof cover can be wiped down with a damp cloth.
- **Cover Care:** Ensure the waterproof cover is properly secured to prevent water accumulation and wind damage. Remove the cover during extreme weather conditions if necessary.
- **Inspection:** Periodically check all connections, latches, and structural components for any signs of wear, damage, or loosening. Tighten bolts and nuts as required.
- **Platform Covers:** The platforms come with thin, soft covers. For added comfort, consider adding additional soft blankets or beds.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Catio feels unstable or wobbly.	Loose connections; uneven ground.	Ensure all bolts and nuts are fully tightened. Move the catio to a level surface. For outdoor use, consider anchoring.
Door does not latch securely.	Misalignment; damaged latch.	Check door alignment and adjust if possible. Inspect the latch for damage. Contact customer support if damaged.
Water pooling on cover.	Cover not properly tensioned or secured.	Ensure the waterproof cover is taut and securely fastened to allow water runoff.
Cats not using platforms/hammock.	Unfamiliarity; discomfort.	Place treats, favorite toys, or soft bedding on platforms/hammock to encourage use. Allow time for adjustment.
