PawHut Large Dog Kennel Instruction Manual

Model: D02-226V00GY

Brand: PawHut

INTRODUCTION

Thank you for choosing the PawHut Large Dog Kennel. This heavy-duty galvanized steel dog run with a waterproof, UV-resistant cover provides a secure and spacious outdoor enclosure for your pet. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure safe and effective use of your new kennel.

SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembling and using the kennel. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are securely fastened before allowing pets inside.
- Regularly inspect the kennel for any signs of wear, damage, or loose parts. Repair or replace as necessary.
- Do not allow children to play unsupervised near or inside the kennel.
- This kennel is designed for outdoor use. Ensure it is placed on a level, stable surface.
- The roof provides protection from sun and rain; however, do not rely on it for extreme weather conditions.
- This product is suitable for large dogs up to 66 lbs (30 kg). Do not exceed the recommended weight limit.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Component	Quantity
Galvanized Steel Frame Tubes	Varies by section
Chain Link Mesh Panels	Varies by section
420D Oxford Fabric Roof Cover	1
Door Panel with Latch	1
Hardware (bolts, nuts, clamps, etc.)	Assorted
Assembly Tools (if included)	1 set

SETUP AND ASSEMBLY

The PawHut dog kennel features a telescopic tube design for quick and easy assembly. It is recommended that two people assemble the kennel for optimal efficiency and safety.

1. **Prepare the Area:** Choose a level, stable outdoor location for the kennel. Clear any debris or obstacles from the area.
2. **Assemble the Frame:** Connect the galvanized steel frame tubes using the snap-together mechanism. Ensure each connection is secure and fully engaged. Refer to the diagram for proper orientation of vertical and horizontal supports.

Image: Close-up of the telescopic tube design, illustrating how frame sections snap together for easy assembly.

- 3. Attach Chain Link Panels:** Securely attach the chain link mesh panels to the assembled frame using the provided hardware (e.g., wire ties, clamps). Ensure the mesh is taut and evenly distributed.
- 4. Install the Door:** Integrate the door panel into the designated opening in the frame. Ensure the hinges operate smoothly and the latch mechanism aligns correctly.
- 5. Install the Roof Cover:** Drape the 420D Oxford fabric roof cover over the top of the frame. Secure it firmly to the frame using the integrated straps or grommets. Ensure the sloped design is oriented correctly to prevent water accumulation.

6. **Final Check:** Double-check all connections, latches, and fastenings to ensure the kennel is stable and secure before introducing your pet.

OPERATING INSTRUCTIONS

Using your PawHut dog kennel is straightforward. Follow these guidelines for daily use:

- **Accessing the Kennel:** Use the secure lockable latch on the door to open and close the kennel. Always ensure the latch is fully engaged when your pet is inside to prevent accidental escapes.

- **Pet Supervision:** While the kennel provides a secure enclosure, always supervise your pet, especially during initial use, to ensure they are comfortable and safe.
- **Providing Comfort:** Ensure your pet has access to fresh water, shade, and appropriate bedding or toys within the kennel.

MAINTENANCE

Regular maintenance will extend the life of your PawHut dog kennel and ensure a safe environment for your pet.

- **Cleaning the Kennel:** Regularly clean the chain link panels and frame with mild soap and water. Rinse thoroughly and allow to air dry.
- **Roof Cover Care:** The 420D Oxford fabric roof is waterproof and UV-resistant. Clean it periodically with a damp cloth to remove dirt and debris. Ensure it remains securely attached to the frame.

- **Hardware Inspection:** Periodically check all bolts, nuts, and clamps for tightness. Tighten any loose fasteners to maintain the kennel's structural integrity.
- **Rust Prevention:** The galvanized steel is designed to resist rust, but in humid environments, occasional inspection for rust spots is recommended. Treat any rust promptly to prevent spread.

TROUBLESHOOTING

If you encounter any issues with your PawHut dog kennel, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Kennel feels unstable or wobbly.	Uneven ground; loose connections.	Ensure the kennel is on a level surface. Check and tighten all frame connections and hardware.
Door does not close or latch properly.	Misalignment; bent components.	Check door hinges and frame for proper alignment. Ensure no debris is obstructing the latch mechanism.

Problem	Possible Cause	Solution
Water pooling on the roof.	Roof cover not taut or sloped correctly.	Adjust the roof cover to ensure it is taut and the sloped design allows for proper water runoff.
Pet attempting to escape.	Inadequate security; pet behavior.	Ensure the latch is always fully secured. Consider additional training or enrichment for your pet. Regularly inspect for any weak points in the mesh.

SPECIFICATIONS

Feature	Detail
Model Number	D02-226V00GY
Overall Dimensions	400L x 230W x 238H cm (157.5" W x 90.6" D x 93.7" H)
Usable Area	99 sq. ft (9.2 m ²)
Material	Galvanized Steel, 420D Oxford Fabric (Roof)
Weight Capacity (for pet)	Up to 66 lbs (30 kg)
