Maintenance

Regular maintenance will prolong the life and appearance of your patio furniture.

- **Cushions:** The cushion covers are removable and washable. Unzip the covers, machine wash with cold water on a gentle cycle, and air dry. Do not bleach or tumble dry.
- **Rattan and Frame:** The handwoven rattan and sturdy metal frame are designed to be weatherproof. Clean with a soft cloth, mild soap, and water. Rinse thoroughly and dry completely to prevent water spots or residue buildup.
- **Glass Top:** Clean the tempered glass tabletop with a glass cleaner and a soft cloth.
- **General Care:** For extended longevity, especially in harsh weather conditions, consider using furniture covers or storing cushions indoors when not in use.

Troubleshooting

If you encounter any issues during assembly or use, refer to the following common solutions:

- **Difficulty Aligning Holes:** If holes do not align perfectly during assembly, loosen all bolts slightly, adjust the pieces, and then retighten evenly. Avoid forcing components.
- **Wobbly Chair/Table:** Ensure all bolts are fully tightened. Check that the furniture is on a flat, even surface. The side table features leveling feet for minor adjustments.
- **Cushion Comfort:** While cushions are thickened, individual comfort preferences vary. Additional throw pillows can be used for extra back support or cushioning.
