# Carbest Roof Hatch Protective Cover User Manual

Model: 181964355

Brand: Carbest

## INTRODUCTION

This user manual provides detailed instructions for the installation, operation, and maintenance of your Carbest Roof Hatch Protective Cover. Designed for optimal protection and insulation, this cover is compatible with Carbest (models 318020, 318021, 318027, 31888) and REMItop (Vista and Vario II) roof hatches. Please read this manual thoroughly before use to ensure proper application and longevity of the product.

## SAFETY INSTRUCTIONS

- Ensure the roof hatch is clean and dry before applying the cover.
- Do not use the cover if it is damaged, as this may compromise its protective qualities.
- Securely fasten the cover to prevent it from being dislodged by wind, especially during travel.
- Keep out of reach of children.

## PRODUCT FEATURES

- **Versatile Protection:** Effectively protects against dirt, scratches, and hail damage.
- **Temperature Regulation:** Multi-layer insulation maintains a comfortable interior temperature and prevents the vehicle from heating up during summer months.
- **Weather Resistance:** Made from UV-resistant material that can withstand extreme weather conditions.
- **Enhanced Comfort:** Protects your skylights from the elements and helps regulate the temperature inside your caravan.

## PACKAGE CONTENTS

- 1 x Carbest Roof Hatch Protective Cover (Light Grey)

## SETUP AND INSTALLATION

The Carbest Roof Hatch Protective Cover is designed for easy installation. Follow these steps for optimal fit and

protection:

1. **Prepare the Roof Hatch:** Ensure the surface of your caravan's roof hatch is clean and dry. Remove any debris, dust, or moisture to ensure a secure fit and prevent damage to the cover or hatch.
2. **Position the Cover:** Carefully place the protective cover over the roof hatch. The cover is designed to fit snugly over compatible Carbest and REMltop models.
3. **Secure the Edges:** Gently pull the elasticized edges of the cover down around the base of the roof hatch. Ensure the cover is evenly distributed and fully encapsulates the hatch for maximum protection and insulation. The elastic band will help hold it in place.
4. **Verify Fit:** Once installed, check that the cover is securely in place and does not obstruct any moving parts of the roof hatch. It should be taut but not overly stretched.

## OPERATING INSTRUCTIONS

---

Once installed, the Carbest Roof Hatch Protective Cover operates passively, providing continuous protection and insulation. No active operation is required.

- **Seasonal Use:** The cover can be used year-round to protect against various weather conditions, including intense sun, rain, snow, and hail.
- **Temperature Control:** The multi-layer insulation helps keep the interior of your caravan cooler in summer by reflecting sunlight and warmer in winter by retaining heat.
- **Protection:** It acts as a barrier against dirt, dust, tree sap, bird droppings, and physical damage from minor impacts or scratches.

## MAINTENANCE

---

To ensure the longevity and effectiveness of your protective cover, follow these maintenance guidelines:

- **Cleaning:** Clean the cover periodically with mild soap and water. Rinse thoroughly and allow it to air dry completely before storage or re-installation. Do not use harsh chemicals or abrasive cleaners.

- **Inspection:** Regularly inspect the cover for any signs of wear, tear, or damage. Address minor issues promptly to prevent further deterioration.
- **Storage:** If removing the cover for extended periods, fold it neatly and store it in a dry, cool place away from direct sunlight to prevent material degradation.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Cover does not fit snugly.	Incorrect model compatibility or improper installation.	Ensure your roof hatch model is listed as compatible. Re-install, ensuring the elasticized edges are fully pulled down.
Cover appears dirty or stained.	Accumulation of environmental debris.	Clean the cover with mild soap and water as per maintenance instructions.
Cover shows signs of wear or damage.	Prolonged exposure to extreme conditions or physical abrasion.	Inspect the damage. If significant, consider replacing the cover to maintain optimal protection.

## SPECIFICATIONS

**Brand:** Carbest
