IMPORTANT SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product:

- Always follow the installation manual for safe assembly.
- Do not exceed the weight limit of **1000 pounds**.
- Be cautious around sharp edges to prevent injury during assembly and use.
- Ensure all connections are secure before use.
- Keep electrical components (charging station, LED lights) away from liquids.
- Do not allow children to play on or around the bed frame without supervision.

SETUP AND ASSEMBLY

This section guides you through the assembly process of your bed frame. It is recommended to have two people for assembly.

1. Unpacking and Component Identification

Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the included parts list to identify each component.

4. Slat Installation

Place the wooden slats across the bed frame. The slats feature a Velcro design for easy and secure attachment. This bed frame does not require a box spring.

5. Drawer Assembly and Installation

Assemble the four storage drawers. Attach the smooth wheels and ensure the locking devices are functional. Slide the assembled drawers into the designated spaces under the bed frame.

OPERATION

Storage Headboard

The headboard includes a 2-tier storage shelf and a hidden storage compartment. The top shelf is ideal for placing small items like phones, alarm clocks, or decorative pieces. The hidden compartment can be accessed by lifting the upholstered panels, providing discreet storage for larger items.

Additionally, small storage pouches are located on both sides of the headboard for convenient access to smaller items like remote controls or glasses.

Charging Station

Utilize the integrated charging station on the headboard to power your electronic devices. It includes 2 AC outlets, 1 USB port, and 1 Type-C port. Ensure the bed frame is plugged into a functional wall outlet.

LED Light Strip

The bed frame features RGB LED light strips on both the headboard and footboard. Control the lights using the included remote control or a dedicated smartphone application. The lights offer over 60,000 colors and 29 dynamic changing modes, including a music sync function where lights pulsate with music rhythm.

MAINTENANCE

- **Cleaning the Boucle Fabric:** Gently vacuum the boucle fabric regularly to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner and test on an inconspicuous area first. Avoid harsh chemicals.
- **Frame Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Drawer Maintenance:** Keep the drawer wheels clean and free of obstructions for smooth operation. Ensure the locking mechanisms are functioning correctly.
- **Electrical Components:** Keep the charging station and LED light strips dry and free from dust. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is noisy/squeaks.	Loose bolts or connections.	Check and tighten all bolts and screws on the frame. Ensure the EVA sound-absorbing strip is correctly positioned.
LED lights are not working.	Power cord disconnected, remote battery dead, or app issue.	Ensure the bed frame is plugged into a working outlet. Check remote battery. Restart the control app if using. Verify all LED strip connections.
Charging station is not providing power.	Bed frame not plugged in, device cable faulty, or power surge.	Confirm the bed frame's power cord is securely plugged into a live wall outlet. Test with a different device or cable. Check household circuit breaker.
Storage drawers are difficult to open/close.	Obstruction in the tracks, dirty wheels, or misaligned.	Clear any obstructions. Clean the wheels and tracks. Ensure drawers are properly aligned in their slots.
