MAINTENANCE

To ensure the longevity and optimal performance of your SANSUI TV, follow these maintenance guidelines:

- Cleaning the Screen:** Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a screen-specific cleaner. Avoid harsh chemicals or abrasive materials.
- Cleaning the Frame:** Use a soft, dry cloth to clean the TV frame and stand.
- Ventilation:** Ensure the TV's ventilation openings are not blocked to prevent overheating.
- Power Cord:** Regularly check the power cord for any damage. If damaged, discontinue use and contact customer support.

TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common solutions:

- No Power:** Ensure the power cable is securely plugged into both the TV and the wall outlet. Check if the outlet is functioning by plugging in another device.
- No Picture/Sound:** Verify that the correct input source is selected. Check all cable connections (HDMI, AV, etc.) for looseness.

- **Poor Picture Quality:** Adjust picture settings (brightness, contrast, sharpness, picture mode). Ensure your input source is providing a high-quality signal.
- **No Wi-Fi Connection:** Check your router and modem. Ensure the TV is within range of your Wi-Fi signal. Re-enter your Wi-Fi password in the TV settings.
- **Remote Control Not Working:** Replace the batteries in the remote. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Apps Not Loading:** Check your internet connection. Try restarting the TV. Ensure apps are updated to their latest versions.
