OPERATING INSTRUCTIONS

The JUMMICO Sleeper Chair offers three primary configurations: a single sofa, a recliner, and a bed.

Converting to a Bed:

1. Locate the pull strap on the front of the seat cushion.
2. Gently pull the strap outwards to extend the hidden ottoman section. The wheels will facilitate smooth movement.
3. Continue pulling until the ottoman is fully extended and locked into place, forming a flat sleeping surface.

Adjusting the Backrest:

The backrest can be adjusted to three different angles for optimal comfort:

- **100° Reading Mode:** An upright position suitable for reading or working.
- **140° Watching TV Mode:** A slightly reclined position for relaxed viewing.
- **180° Sleep Mode:** A fully flat position when combined with the extended ottoman for sleeping.

To adjust, gently push the backrest forward until you hear a click, then recline it to your desired angle. Repeat to cycle through the positions.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your JUMMICO Sleeper Chair.

- **Fabric Care:** The linen fabric is breathable and stain-resistant. For minor spills, blot immediately with a clean, dry cloth. For tougher stains, use a mild fabric cleaner following the product instructions. Test on an inconspicuous area first.
- **Frame Care:** The steel frame requires minimal maintenance. Wipe with a damp cloth to remove dust. Ensure all connections remain tight.
- **Cushion Care:** The high-density sponge cushions provide elasticity. Rotate cushions periodically to ensure even wear. The throw pillow is included for additional comfort.
- **Wheels:** Periodically check the wheels on the pull-out ottoman for any debris and clean as needed to ensure smooth operation.
