

## RVONOW QD-C236-FB-BK-1

# RVONOW Floating Bed Frame Full with LED Lights

MODEL: QD-C236-FB-BK-1

## Introduction

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your RVONOW Full Size Floating Bed Frame with LED Lights. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## Important Safety Information

---

- Exercise caution around sharp edges during assembly.
- Do not exceed the maximum weight capacity of 800 pounds.
- Always follow assembly instructions precisely to prevent instability and potential injury.

## Package Contents

---

Before assembly, ensure all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Floating Bed Frame components
- Installation Manual
- LED Lights kit
- Assembly tools (Allen wrench)

## Setup and Assembly

---

The RVONOW Floating Bed Frame is designed for easy assembly. Each installation step is clearly labeled with part numbers and instructions. It is recommended to assemble the bed frame with two people.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Assemble Side Rails:** Connect the designated side rail sections using the provided screws and Allen wrench. Ensure all connections are secure but do not fully tighten until all frame sections are joined.
3. **Attach Support Legs:** Secure the central support legs to the main frame. These legs provide crucial stability and contribute to the floating effect.
4. **Install LED Strip:** Carefully attach the LED light strip to the designated areas on the underside of the bed frame. Ensure the adhesive backing is firmly pressed against the frame.
5. **Secure Wooden Panels:** Attach the decorative wooden panels to the exterior of the metal frame using the provided screws.
6. **Final Tightening:** Once all components are in place, fully tighten all screws to ensure maximum stability and safety.

Video: A comprehensive guide demonstrating the step-by-step assembly process for the RVONOW Metal Platform Bed Frame with LED Lights. This video covers connecting frame components, attaching support legs, and securing the LED strip.

## Operating Instructions (LED Lights)

The integrated RGB LED lights enhance your bedroom ambiance. Control the lighting features using the included remote control.

- **Color Selection:** Choose from 12 distinct RGB colors to match your mood or decor.
- **Brightness Adjustment:** Adjust the light intensity with three brightness settings.
- **Scene Modes:** Select from four pre-programmed scene modes for dynamic lighting effects. You can also customize and save your preferred scene modes.
- **Timing Function:** Utilize the automatic timer function to schedule when the lights turn on or off.

## Maintenance

To maintain the appearance and longevity of your bed frame, follow these simple care instructions:

- **Cleaning:** Wipe the bed frame surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **LED Lights:** Ensure the LED strip remains securely attached. If the adhesive weakens, re-secure it with appropriate adhesive.
- **Fasteners:** Periodically check all screws and bolts to ensure they are tight. Re-tighten as necessary to maintain structural integrity.

## Troubleshooting

If you encounter any issues with your RVONOW Floating Bed Frame, please refer to the following common solutions:

- **Mattress Sliding:** The platform bed features a recessed design to minimize mattress movement. Ensure

the mattress is properly seated within the frame. Consider using a non-slip mattress pad if sliding persists.

- **Noise:** The frame is designed to be noise-free with EVA Silent Foam treatment. If squeaking occurs, check all connections and tighten any loose bolts. Ensure the mattress is correctly positioned.
- **LED Lights Not Working:** Verify that the LED strip is properly connected to the power source and the remote control has working batteries. Check for any dislodged sections of the LED strip.
- **Bent Parts/Missing Components:** If you receive the product with bent parts or missing components, do not attempt to force assembly. Contact customer service immediately for assistance.

## Product Specifications

<b>Size</b>	Full
<b>Product Dimensions</b>	75.6"L x 53.54"W x 10.6"H
<b>Special Features</b>	Floating Design, LED Lights, No Box Spring Needed
<b>Color</b>	Brown Wood
<b>Material</b>	Metal
<b>Weight Capacity</b>	Up to 800 pounds
<b>Compatible Mattress Size</b>	10"-14"
<b>Under-bed Storage Height</b>	10.6 inches
<b>Assembly Required</b>	Yes
<b>Item Weight</b>	47.4 pounds
<b>Model Number</b>	QD-C236-FB-BK-1
