Medical King Toilet Seat Riser with Handles - Instruction Manual

Model: 7146

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Medical King Toilet Seat Riser with Handles. Please read this manual thoroughly before use to ensure safe and proper functionality. This product is designed to provide stable support and elevated seating for individuals requiring assistance with toilet use, such as seniors, those with mobility issues, or pregnant individuals.

2. IMPORTANT SAFETY INFORMATION

- Always ensure all components are securely fastened before each use.
- Do not exceed the maximum weight capacity of 400 lbs (181 kg).
- Verify that the riser is stable and does not wobble on the floor before transferring weight onto it.
- Keep hands and fingers clear of adjustment points during height and width modifications.
- Regularly inspect the product for any signs of wear, damage, or loose parts. Discontinue use if any damage is observed.

- Use on a flat, level surface.

3. PACKAGE CONTENTS

Please verify that all the following components are present in your package:

- Main Frame Assembly (with adjustable legs)
- Padded Toilet Seat
- Armrests (with foam grips)
- Toilet Paper Roll Holder
- Storage Pocket
- Instruction Manual

4. SETUP & ASSEMBLY

Assembly typically takes approximately 2 minutes and requires no special tools. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Main Frame:** Connect the frame sections as indicated in the diagrams. Ensure all snap buttons engage fully. *Note: Some plastic inserts used for shipping protection may need to be removed from the tube ends before assembly. If connectors are tight, apply gentle, firm pressure.*
3. **Attach Armrests:** Slide the armrests onto the designated frame posts until they click into place. Ensure the foam grips are facing upwards.
4. **Install Padded Seat:** Place the padded toilet seat onto the frame, aligning the clips or attachment points. Press down firmly until the seat is securely attached. The seat is designed for easy removal for cleaning.
5. **Adjust Width (if necessary):** The frame width can be adjusted to fit various toilet sizes. Locate the width adjustment pins on the frame. Press the pins and slide the frame sections inward or outward to achieve a width between 21 inches (minimum) and 25.5 inches (maximum). Release the pins to lock the desired width. Ensure both sides are adjusted equally for stability.

Width Adjustment

FITS MOST TOILETS

Image 2: Width Adjustment Mechanism

- Adjust Height:** The riser's height is adjustable to suit individual user needs. Locate the spring-loaded pins on each leg. Press the pin and slide the leg extension up or down to the desired height. Ensure the pin fully re-engages in a hole. Adjust all four legs to the same height. The height can be set between 25 inches (minimum) and 30 inches (maximum).

Height Adjustment

Image 3: Height Adjustment Mechanism

7. **Attach Accessories:** The toilet paper roll holder can be attached to one side of the frame. The mesh storage pocket can be attached to the other side using its Velcro straps.
8. **Final Placement:** Position the assembled riser over your toilet. Ensure all four non-slip rubber feet are firmly on the floor and the unit is stable.

5. OPERATING INSTRUCTIONS

Once properly assembled and positioned, the Medical King Toilet Seat Riser provides a secure and elevated seating solution.

- **Using the Riser:** Approach the toilet riser carefully. Use the padded armrests for stable support when sitting down or standing up. The U-shaped opening of the seat provides easy access.
- **Toilet Paper Holder:** The integrated toilet paper holder ensures easy access to toilet paper without straining.

Convenient Features

Built-in toilet paper holder roll

offers easy access and added convenience, ensuring users can comfortably reach for toilet paper without straining.

Keep Essentials Within Reach

Convenient storage pocket holds newspapers, magazines, and small personal items for easy access.

Image 4: Convenient Features (Toilet Paper Holder and Storage Pocket)

- **Storage Pocket:** Use the mesh storage pocket to keep small personal items, magazines, or other necessities within easy reach.

6. MAINTENANCE & CLEANING

Regular cleaning and maintenance will prolong the life of your toilet seat riser and ensure hygienic use.

- **Cleaning the Seat:** The padded seat is non-absorbent and features a quick-wipe surface. It can be easily removed for thorough cleaning. Use a mild soap and water solution with a soft cloth. Avoid abrasive cleaners or harsh chemicals that could damage the material.

Effortless Cleaning & Hygiene

Waterproof & Stain-Resistant

Liquids roll off easily, preventing stains and moisture buildup.

Quick Wipe Surface

Smooth, non-porous material allows for easy cleaning in seconds.

Hygienic & Odor-Free

Prevents bacteria buildup and maintains a fresh, clean seat.

Durable & Long-Lasting

Made from high-quality, medical-grade materials for long-term use

Image 5: Effortless Cleaning and Hygiene

- **Cleaning the Frame:** Wipe down the aluminum frame and armrests with a damp cloth and mild detergent as needed. Dry thoroughly.
- **Inspection:** Periodically check all connections, pins, and rubber feet for tightness and wear. Replace any worn or damaged parts immediately.

7. TROUBLESHOOTING

If you encounter any issues with your Medical King Toilet Seat Riser, please refer to the following common solutions:

- **Difficulty during Assembly:** Ensure all plastic protective caps are removed from the ends of the tubes. If connectors are tight, apply firm, steady pressure. A small amount of lubricant (e.g., silicone spray) can assist if parts are exceptionally stiff.
- **Riser is Wobbly:** Verify that all adjustment pins are fully engaged in their respective holes. Ensure all four legs are set to the same height. Confirm that the non-slip rubber feet are clean and making full contact with a dry, level floor surface.
- **Seat Not Secure:** Ensure the padded seat is correctly aligned with the frame's attachment points and pressed down

firmly until it clicks into place.

8. SPECIFICATIONS

Feature	Specification
Brand	Medical king
Model Number	7146
