### 6.2 Removable Glass Door

The oven door's inner glass panel can be removed for thorough cleaning. Refer to the detailed instructions in the full manual for removal and reinstallation.

### 6.3 General Cleaning

- Always ensure the oven is cool and disconnected from power before cleaning.

- Use mild detergents and a soft cloth for cleaning interior and exterior surfaces.
- Avoid abrasive cleaners, scourers, or harsh chemicals that could damage surfaces.
- Clean spills immediately to prevent them from baking on.

## 7. TROUBLESHOOTING

If you encounter issues with your oven, consult the following common troubleshooting steps:

- **Oven not heating:** Check if the oven is properly plugged in and the circuit breaker hasn't tripped. Ensure the timer is not set to 'off' or 'delay start'.
- **Uneven cooking:** Ensure food is placed centrally and not overcrowding the oven. Verify that the convection fan is operating correctly.
- **Oven light not working:** The bulb may need replacement. Disconnect power before attempting to replace.
- **Excessive smoke:** This can be caused by food spills or residues. Clean the oven thoroughly.

For persistent issues, contact customer support.
