bblüv BBL-B0105-01

bblüv Igrö 2-in-1 Digital Thermometer and Hygrometer

Model: BBL-B0105-01

1. INTRODUCTION

The bblüv Igrö is a versatile 2-in-1 device designed to provide quick and accurate readings of both ambient temperature and humidity. This portable and user-friendly monitor is ideal for maintaining optimal environmental conditions in your baby's nursery, throughout your home, or during travel. It features a clear display, comfort level indicators, and convenient clock and alarm functions to assist in creating a comfortable and safe environment.

2. PACKAGE CONTENTS

Please ensure all items are present in the package:

- 1 x bblüv Igrö 2-in-1 Digital Thermometer and Hygrometer
- 1 x AAA Battery
- 1 x User Manual

3. PRODUCT OVERVIEW

The bblüv Igrö features a high-contrast LCD display and intuitive controls for ease of use.

3.1. Display Elements

- **Temperature Reading:** Displays current temperature in Celsius (°C) or Fahrenheit (°F).
- **Humidity Reading:** Displays current relative humidity in percentage (%).
- **Comfort Level Indicator:** Visual alerts (e.g., icons or color changes) to indicate dry, comfortable, or wet conditions.
- **Digital Time Clock:** Displays time in 12H or 24H format.
- **Alarm Indicator:** Shows when the alarm function is active.

3.2. Buttons and Features

- **Temperature Unit Switch:** Button to toggle between °C and °F.
- **Time/Alarm Settings:** Buttons for setting the clock and alarm.

- **Foldout Stand:** Located on the back for tabletop placement.
- **Wall Mount Hole:** For hanging the device on a wall.

Figure 1: Front view of the bblüv Igrö display, illustrating temperature, humidity, time, and comfort level indicators. The display is designed for clear readability with a high contrast.

Figure 2: The bblüv Igrö positioned on a tabletop using its integrated foldout stand. This shows the device's versatility for placement in various rooms.

4. SETUP

4.1. Battery Installation

1. Locate the battery compartment on the back of the device.
2. Open the battery compartment cover.
3. Insert one AAA battery, ensuring the correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery compartment cover securely.

The device should power on automatically and display current temperature and humidity readings.

5. OPERATING INSTRUCTIONS

5.1. Reading Temperature and Humidity

Once powered on, the device will immediately display the current ambient temperature and relative humidity. Readings are updated approximately every 30 seconds for real-time monitoring.

5.2. Changing Temperature Units (°C/°F)

Press the dedicated button (usually labeled '°C/°F' or similar) on the device to toggle between Celsius and Fahrenheit temperature units.

5.3. Interpreting Comfort Level Indicators

The device includes visual comfort level indicators to help you quickly assess the environment:

- **Dry:** Indicates low humidity levels.
- **Comfort:** Indicates optimal temperature and humidity levels.
- **Wet:** Indicates high humidity levels.

Adjust your environment (e.g., use a humidifier/dehumidifier, adjust heating/cooling) as needed based on these indicators.

5.4. Setting the Clock and Alarm

The bblüv Igrö features a digital clock with 12H and 24H formats, along with an alarm function. Refer to the specific buttons on your device (e.g., 'SET', '+', '-') to adjust the time and set or disable the alarm. Detailed instructions for setting the clock and alarm are typically found on the back of the device or in a quick-start guide.

6. MAINTENANCE

6.1. Cleaning

Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.

6.2. Battery Replacement

When the display becomes dim or the device stops responding, it's time to replace the battery. Follow the battery installation steps in Section 4.1 to replace the AAA battery. Dispose of used batteries responsibly according to local regulations.

7. TROUBLESHOOTING

- **No Display:**
Ensure the battery is correctly installed with the proper polarity. Replace the battery if it is old or depleted.
- **Inaccurate Readings:**
Ensure the device is placed in a location away from direct sunlight, heat sources, or drafts, which can affect accuracy. Allow the device a few minutes to stabilize after placement or battery change.
- **Display Freezes:**
Remove the battery, wait for 10 seconds, and then reinsert it to reset the device.

8. SPECIFICATIONS

Feature	Detail
Manufacturer	bbluv
Model Name	BBL-B0105-01
Item Weight	10 g
Parcel Dimensions	14.4 x 7.5 x 3.7 cm
Power Source	Battery Powered (1 x AAA, not included initially)
Measurement Accuracy	± 50/100 F
Display Style	LCD
Response Time	30 seconds
Outer Material	Plastic
Reusability	Rechargeable (refers to battery type, not device)

9. WARRANTY AND SUPPORT

For warranty information, technical support, or customer service inquiries, please refer to the contact details provided on the product packaging or visit the official bbluv website. Keep your purchase receipt for warranty claims.
