## 5. MAINTENANCE

### Cleaning

Regularly clean your mouse with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the internal components. Avoid harsh chemicals or abrasive materials.

### Battery Care

To maximize battery lifespan, avoid fully discharging the mouse frequently. Charge it when the battery indicator shows low power. Store the mouse in a cool, dry place when not in use for extended periods.

## 6. TROUBLESHOOTING

### Connectivity Issues

- **Wireless (2.4GHz):** Ensure the HyperSpeed dongle is securely plugged into a USB-A port. Try a different USB

port. Ensure the mouse is within range and the mode selector is set to wireless.

- **Bluetooth:** Verify Bluetooth is enabled on your device. Ensure the mouse is in pairing mode (check device manual for specific steps). Remove previous pairings and re-pair if necessary.
- **Wired:** Check the USB-C cable connection at both ends. Try a different USB port or cable.

### Software (Razer Synapse) Issues

- Ensure Razer Synapse 4 is updated to the latest version.
- Restart the Synapse application or your computer.
- If issues persist, try reinstalling Razer Synapse 4.
