Delta Children W110130-1560

Delta Children Nest 4-in-1 Convertible Crib User Manual

Brand: Delta Children | Model: W110130-1560

1. PRODUCT OVERVIEW

The Delta Children Nest 4-in-1 Convertible Crib is designed to provide a safe and adaptable sleeping solution for your child from infancy through toddlerhood and beyond. Its versatile design allows it to transform from a crib to a toddler bed, daybed, and ultimately a full-size sofa, accommodating your child's growth and changing needs.

Key Features:

- **4-in-1 Convertible Design:** Easily converts from a crib to a toddler bed, daybed, and sofa. Daybed/Sofa Rail is included. Toddler Guardrail (#W110725) is sold separately.
- **Adjustable Mattress Height:** Features 3 convenient mattress support positions to adapt as your baby grows.
- **Greenguard Gold Certified:** Meets stringent chemical emissions standards for a healthier indoor environment.
- **Safe and Non-Toxic:** JPMA certified, meeting or exceeding all safety standards set by the CPSC & ASTM. Utilizes a non-toxic, baby-safe painting process, free from lead and phthalates.
- **Sustainable Materials:** Crafted from durable New Zealand pine and poplar.

2. SAFETY INFORMATION

Your child's safety is our top priority. Please read and follow all instructions carefully before assembly and use. Keep this manual for future reference.

Certifications and Standards:

- **GREENGUARD Gold Certified:** This certification ensures the crib has been tested for over 10,000 chemicals and VOCs, contributing to cleaner indoor air quality.
- **JPMA Certified:** The crib is certified by JPMA (Juvenile Products Manufacturers Association) to meet or exceed all safety standards established by the Consumer Product Safety Commission (CPSC) and ASTM International.
- **Non-Toxic Finish:** All finishes are lead and phthalate safe, ensuring a healthy environment for your baby.

Tested Above & Beyond Safety Standards

So Your Baby Sleeps Safe!

Important Safety Warnings:

- Always ensure all bolts and fasteners are securely tightened. Periodically check for loose hardware.
- Do not use this crib if any parts are missing, damaged, or broken. Contact customer support for replacement parts.
- Do not substitute parts. Use only manufacturer-supplied parts.
- Keep small parts away from children during assembly.
- Ensure the mattress fits snugly without gaps larger than 1/2 inch (13 mm) between the mattress and the crib sides.
- Do not place the crib near windows where cords from blinds or drapes could strangle a child.
- Do not place items with a string or cord around a child's neck, such as hood strings or pacifier cords.

3. ASSEMBLY

Detailed assembly instructions are provided in a separate guide included with your product. Please refer to that guide for step-by-step instructions, parts lists, and required tools. Ensure all components are present and undamaged before beginning assembly.

General Assembly Tips:

- Assemble the crib on a soft, clean surface to prevent scratching.
- Do not overtighten screws, as this may damage the wood.
- Have a second person assist with assembly for easier and safer handling of large components.

4. 4-IN-1 CONVERSION GUIDE

The Nest Crib is designed to grow with your child, converting into a toddler bed, daybed, and sofa. Follow the specific instructions in your detailed assembly manual for each conversion step.

Image: A diagram illustrating the four stages of conversion for the Nest Crib: Crib, Toddler Bed, Daybed, and Sofa.

Conversion Stages:

1. **Crib (Newborn)**: The initial configuration for infants. Ensure the mattress is at the appropriate height for your child's developmental stage.

Image: The crib in its standard configuration, suitable for newborns.

- 2. Toddler Bed:** When your child is ready to transition from a crib, typically around 18 months to 2 years, the front rail can be replaced with a Toddler Guardrail (sold separately, #W110725). This provides a lower sleeping surface with a partial side rail for safety.

Image: The crib converted into a toddler bed, featuring a low entry point and a safety guardrail.

- 3. Daybed:** For older toddlers or young children, the crib can be converted into a daybed by removing the front rail entirely. The Daybed/Sofa Rail is included for this conversion.

Image: The crib transformed into a daybed, offering an open side for easy access.

4. **Sofa:** The crib can also be used as a stylish sofa in a child's room or play area. This configuration utilizes the Daybed/Sofa Rail.

5. ADJUSTABLE MATTRESS HEIGHTS

The Nest Crib features three adjustable mattress support positions to ensure safety and convenience as

your baby grows. Always use the lowest mattress position once your child can pull themselves to a standing position.

Image: A diagram illustrating the three adjustable mattress height positions for different stages of a baby's development.

Mattress Positions:

- **Highest Position:** Ideal for newborns, allowing easy access to your baby. (Approx. 10.5" from top of 6" mattress to access rail)
- **Middle Position:** Use when your baby begins to roll over. (Approx. 15.5" from top of 6" mattress to access rail)
- **Lowest Position:** Essential for safety once your baby can sit up or pull themselves to a standing position. (Approx. 20.5" from top of 6" mattress to access rail)

6. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Delta Children Nest Crib.

- **Cleaning:** Wipe clean with a soft, damp cloth. Avoid using abrasive cleaners or strong chemicals, as they may damage the finish.
- **Dusting:** Regularly dust with a soft, dry cloth.
- **Hardware:** Periodically check all screws, bolts, and fasteners to ensure they are tight. Do not

overtighten.

- **Storage:** If storing the crib, disassemble it carefully and store all parts in a dry, temperature-controlled environment to prevent warping or damage.

Healthiest Choice For Your Baby

Greenguard Gold Certified

Non-Toxic Finish

Responsibly Sourced Materials

7. TROUBLESHOOTING

If you encounter any issues with your Nest Crib, please refer to the following common solutions:

Problem	Possible Cause	Solution
Crib feels wobbly or unstable	Loose hardware	Check and tighten all bolts and screws. Do not overtighten.
Squeaking noises	Loose joints or friction between parts	Tighten all hardware. If squeaking persists, apply a small amount of paraffin wax or silicone spray to the joints.

Problem	Possible Cause	Solution
Mattress support not adjusting properly	Obstruction or incorrect alignment	Ensure no bedding or foreign objects are obstructing the mattress support. Re-align the support hooks into the correct slots.
Missing or damaged parts	Shipping damage or manufacturing error	Do not attempt to use the product. Contact Delta Children customer support immediately for replacement parts.

If you are unable to resolve an issue using the troubleshooting steps above, please contact Delta Children customer support for further assistance.
