

## Casaria 109945

# Casaria Side Table Instruction Manual

Model: 109945

## INTRODUCTION

---

Thank you for choosing the Casaria Side Table. This manual provides essential information for the safe assembly, operation, and maintenance of your new side table. Please read these instructions carefully before assembly and retain them for future reference.

This side table, crafted from polyrattan with a solid acacia wood tabletop and a powder-coated steel frame, is designed for both indoor and outdoor use. It features an additional storage area and adjustable leveling screws for stability.

## SAFETY INFORMATION

---

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the table on a soft, clean surface to prevent scratches.
- Do not exceed the maximum load capacity of 80 kg (176 lbs).
- Keep small parts away from children during assembly to prevent choking hazards.
- Periodically check all screws and connections to ensure they remain tight.
- Avoid placing hot items directly on the acacia wood surface without protection.

## PACKAGE CONTENTS

---

Verify that all the following components are included in your package:

- 1 x Casaria Side Table (disassembled components)
- Assembly Hardware (screws, washers, etc.)

- Assembly Guide (this document)

## SETUP AND ASSEMBLY

Assembly is required for this product. Please follow these steps carefully:

1. Unpack all components and lay them out on a clean, soft surface to prevent damage.
2. Identify the main frame sections and the acacia wood tabletop.
3. Attach the side panels to the base frame using the provided screws. Do not fully tighten screws at this stage.
4. Insert the additional storage shelf into its designated position and secure it with screws. Again, do not fully tighten.
5. Place the acacia wood tabletop onto the assembled frame and secure it with the remaining screws.
6. Once all parts are in place, gradually tighten all screws evenly until secure. Avoid over-tightening.
7. Screw the height-adjustable leveling feet into the bottom of each leg.
8. Adjust the leveling feet to ensure the table is stable and level on your chosen surface.

## OPERATING INSTRUCTIONS

- **Placement:** The table is suitable for both indoor and outdoor environments. When placing outdoors, consider its weatherproof and UV-resistant properties.
- **Load Capacity:** The table is designed to support a maximum weight of 80 kg (176 lbs) on its top surface. The additional shelf also provides support for lighter items like books or magazines.
- **Stability:** Use the integrated leveling screws on the feet to adjust the table's height and ensure a secure and stable footing, especially on uneven surfaces.

# VORM & FUNCTIE

- **Ideaal voor binnen en buiten**
- **Veelzijdig inzetbaar**

## MAINTENANCE

- **General Cleaning:** Wipe the polyrattan and steel frame with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying thoroughly.
- **Acacia Wood Care:** The acacia wood tabletop should be cleaned with a damp cloth. To maintain its rich color and protect it from weathering, it is recommended to treat the acacia wood with a suitable wood care oil for garden furniture periodically.
- **UV Protection:** The polyrattan material is UV-resistant, but prolonged exposure to intense sunlight over many years may still cause some fading.
- **Winter Storage:** While weatherproof, storing the table indoors or covering it during harsh winter conditions can extend its lifespan.

### TROUBLESHOOTING

- **Table is wobbly:** Check that all assembly screws are securely tightened. Adjust the height-adjustable leveling feet on each leg to ensure the table is stable on uneven surfaces.
- **Difficulty assembling:** Ensure you are using the correct screws for each part as indicated in the assembly guide. Do not fully tighten screws until all components are loosely fitted.
- **Scratches on wood surface:** Minor scratches on the acacia wood can sometimes be minimized by applying wood care oil. For deeper scratches, professional repair may be needed.

### SPECIFICATIONS

Feature	Detail
Model Number	109945
Dimensions (L x W x H)	45 x 45 x 40 cm (17.72"D x 17.72"W x 15.75"H)

Item Weight	4.5 kg (9.9 lbs)
Maximum Load Capacity	80 kg (176 lbs)
Frame Material	Powder-coated Steel (Alloy Steel)
Mesh Material	Polyethylene (PE) / Polyrattan
Tabletop Material	Acacia Wood
Tabletop Thickness	12 mm
Color	Brown
Indoor/Outdoor Use	Yes
Special Features	Weather Resistant, UV Protected, Easy Assembly, Height-adjustable feet, Additional storage shelf

## WARRANTY INFORMATION

---
