Giantex GT12060GR-NP

Giantex 42" Height Outdoor Tall Bar Table Instruction Manual

Model: GT12060GR-NP

1. INTRODUCTION

This manual provides detailed instructions for the assembly, usage, and maintenance of your Giantex 42" Height Outdoor Tall Bar Table. Please read these instructions carefully before assembly and use to ensure safe and proper operation of the product. Keep this manual for future reference.

2. SAFETY INFORMATION

WARNING: To prevent injury, always follow these safety guidelines.

- The table features rounded corners to help prevent injury.
- Ensure stability by using the table on a flat, level surface.
- Always follow assembly instructions precisely to ensure structural integrity.
- Do not exceed the maximum weight recommendation of 135 pounds.
- Pair the table with appropriate bar height stools or chairs for safe seating.
- Regularly check all screws and connections to ensure they remain tight.

3. ASSEMBLY INSTRUCTIONS

Your Giantex Outdoor Tall Bar Table is designed for easy assembly. All necessary components and a user guide are included in the package. Please follow the steps below for a smooth setup.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the included user guide are present.

2. **Identify Parts:** Familiarize yourself with the table top, legs, crossbars, and hardware (stainless steel screws).
3. **Assemble Legs:** Attach the H-shaped legs to the main frame of the table using the provided stainless steel screws. Ensure all connections are secure but do not overtighten initially.
4. **Install Crossbars:** Secure the 6 crossbars between the legs. These crossbars provide extra support and also serve as footrests.
5. **Attach Tabletop:** Place the tabletop onto the assembled base and secure it with the remaining screws.
6. **Final Tightening:** Once all parts are in place, carefully tighten all screws. Do not overtighten to avoid damaging the HDPE material.
7. **Stability Check:** Gently shake the table to ensure it is stable and all connections are firm.

Assembly typically takes minutes with the clear instructions provided in the package.

4. OPERATING INSTRUCTIONS (USAGE)

The Giantex Outdoor Tall Bar Table is designed for versatile outdoor use. Its features ensure durability and convenience.

- **Placement:** Ideal for patios, gardens, poolside areas, yards, and balconies. Ensure it is placed on a stable, level surface.
- **Pairing:** Designed to pair perfectly with bar height stools or chairs (recommended seat height 25.5" - 31.5").
- **Footrests:** The lower crossbars serve as comfortable footrests for extended gatherings.
- **Water Drainage:** The slatted top design allows for efficient water drainage, preventing pooling after rain.
- **Storage:** The extra side bars can be used as a handy storage space for items like towels, especially when used poolside.

Robust Construction

Stainless Steel Screws
Rust-resistant connection
for outdoor use

Balanced H-shaped Legs
Provide added stability

5. MAINTENANCE

To ensure the longevity and appearance of your HDPE bar table, follow these simple maintenance guidelines:

- **Cleaning:** The all-weather HDPE material is easy to clean. Use a mild soap and water solution with a soft cloth or brush. Rinse thoroughly with clean water. Avoid harsh chemicals or abrasive cleaners.
- **Stain Resistance:** The material is stain-resistant, making spills easy to wipe away.
- **Weather Resistance:** The table is resistant to cracking and fading, suitable for various outdoor conditions.
- **Hardware Check:** Periodically inspect all stainless steel screws and connections. Tighten if necessary to maintain stability.
- **Winter Storage (Optional):** While designed for all-weather use, storing the table indoors or covering it during extreme winter conditions can further extend its lifespan.

6. TROUBLESHOOTING

If you encounter any issues with your bar table, please refer to the following common solutions:

- **Table Wobbles:**

- Ensure the table is placed on a completely flat and level surface.
- Check all assembly screws. Loosen slightly, adjust the table to level, then retighten firmly.

- **Difficulty Assembling:**

- Refer back to Section 3: Assembly Instructions and the included user guide.
- Ensure you are using the correct hardware for each step.
- Do not force parts together; if they don't fit, re-check the orientation.

- **Scratches or Marks:**

- Minor surface marks on HDPE can sometimes be buffed out with a non-abrasive cleaner.
- For deeper scratches, contact customer support for advice.

If problems persist, please contact Giantex customer support for further assistance.

7. SPECIFICATIONS

Feature	Detail
Brand	Giantex
Model Number	GT12060GR-NP
Product Dimensions	30"D x 30"W x 42"H
Item Weight	47.5 Pounds
Maximum Weight Recommendation	135 Pounds
Frame Material	HDPE, Stainless Steel
Color	Grey
Shape	Square
Table Design	Bar Table
Furniture Finish	Wood Grain
