JVC KW-M695BW

JVC KW-M695BW Multimedia Receiver and Speaker System User Manual

Model: KW-M695BW

Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your JVC KW-M695BW Multimedia Digital Receiver and accompanying 6.75" Car Audio Speakers. Please read this manual thoroughly before using the product to ensure proper and safe operation.

Safety Information

- Always ensure proper wiring and connections to prevent electrical hazards.
- Do not operate the unit in a manner that distracts you from driving.
- Consult a professional for installation if you are unsure about any steps.
- Keep the unit away from moisture and extreme temperatures.

Package Contents

Verify that all items are present in your package:

- JVC KW-M695BW 6.8" LCD Display Multimedia Digital Receiver
- Two (2) JVC 6.75" 300 Watt Max Shallow Mount Car Audio Speakers
- 50 Feet of 16-gauge Speaker Wire
- GPS Antenna (for mapping)
- Wiring Harness
- Mounting Hardware

- User Manual (this document)

Setup and Installation

This section outlines the general steps for installing the JVC KW-M695BW receiver and speakers. Professional installation is recommended.

1. Receiver Installation

The JVC KW-M695BW features a shallow chassis design and offers dual installation options with its removable double-DIN bracket, allowing for seamless installation in either a double-DIN or single-DIN configuration.

1. **Preparation:** Disconnect the vehicle's negative battery terminal before starting any electrical work.
2. **Mounting:** Secure the receiver in the vehicle's dashboard opening using the provided mounting hardware. Ensure it is firmly in place.
3. **Wiring Connections:**
   - Connect the main wiring harness to the vehicle's power, ground, and accessory wires.
   - Connect the speaker outputs from the receiver to the speaker wires.
   - Connect the GPS antenna for mapping functionality.
   - If using, connect the rear A/V input and rear video output (for rear view camera).
   - For steering wheel remote control, connect the appropriate wires (requires compatible adapter, sold separately).
   - For iDatalink Maestro compatibility, connect the iDatalink Maestro module to retain factory features like climate controls and steering wheel audio controls.
4. **Antenna Connection:** Connect the vehicle's radio antenna.
5. **Final Check:** Before reassembling the dashboard, reconnect the battery and perform a quick function test.

Image: Examples of iDatalink Maestro integration, displaying vehicle information such as radar detection, climate control, engine gauges, parking assist, and general vehicle data on the receiver screen.

2. Speaker Installation

The JVC CS-DR1721 6.75" 2-way coaxial speakers are designed for easy installation in most vehicle door locations.

1. **Mounting Location:** Identify suitable mounting locations in your vehicle, typically in the door panels.
2. **Secure Mounting:** Mount the speakers securely using appropriate screws and brackets. Ensure no wires are pinched.
3. **Wiring:** Use the provided 16-gauge speaker wire to connect the speakers to the receiver's speaker outputs. Ensure correct polarity (+ to + and - to -).

Operating Instructions

This section details the various functions and features of your JVC KW-M695BW multimedia receiver.

1. Power On/Off and Basic Controls

- **Power:** Press the power button (usually on the left side of the unit) to turn the unit on or off.
- **Volume:** Adjust volume using the on-screen controls or steering wheel controls (if connected).
- **Home Screen:** Tap the home icon to return to the main menu.

2. Display and Touchscreen

The unit features a 6.8" WSVGA LCD Display with a capacitive touchscreen for intuitive control.

Image: Demonstrates the capacitive touchscreen and gesture touch control features. Gesture controls include swiping for folder up/down and skip back/forward, and circular motion for volume adjustment.

3. Connectivity Features

Wireless Apple CarPlay and Android Auto

The KW-M695BW supports wireless Apple CarPlay and Android Auto for seamless smartphone integration.

1. Ensure your smartphone's Wi-Fi and Bluetooth are enabled.
2. On the receiver, navigate to the Apple CarPlay or Android Auto icon.
3. Follow the on-screen prompts to pair your device.

Bluetooth and Wi-Fi

Built-in Bluetooth allows for hands-free calling and audio streaming. Wi-Fi enables wireless connectivity for features like Apple CarPlay and Android Auto.

1. **Pairing Bluetooth:**
   - On the receiver, go to the Bluetooth settings.
   - Enable Bluetooth on your phone and search for available devices.
   - Select "JVC KW-M695BW" from the list and confirm pairing.
2. **Wi-Fi Connection:** Wi-Fi is primarily used for wireless smartphone mirroring. The unit will prompt you to connect when initiating Apple CarPlay or Android Auto.

Image: Illustrates Bluetooth and Wi-Fi connectivity, showing a smartphone wirelessly streaming audio to the JVC receiver.

USB Mirroring

The unit supports wired iPhone and Android USB Mirroring. The Mirror+ APP is required for this functionality.

1. Install the Mirror+ APP on your smartphone.
2. Connect your smartphone to the rear USB port of the receiver using a compatible USB cable.
3. Select the USB Mirroring option on the receiver's display.

USB Media Playback

The rear USB port supports 2.1A rapid charging and playback of audio and video formats.

1. Insert a USB storage device into the rear USB port.
2. The unit will automatically detect the device and display media options.
3. Navigate through folders and files using the touchscreen.

4. Audio Settings

- **13-Band Graphic EQ:** Access the equalizer settings to customize the audio output to your preference.
- **Time Alignment:** Adjust the time alignment to optimize the sound stage for your listening position.
- **SiriusXM Ready:** If you have a SiriusXM tuner (sold separately), connect it to enjoy satellite radio.

Maintenance

- **Cleaning the Display:** Use a soft, dry cloth to gently wipe the LCD display. For stubborn smudges, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.
- **General Cleaning:** Keep the unit free from dust and debris. Use a soft brush or compressed air to clean vents and ports.
- **Software Updates:** Periodically check the JVC website for any available firmware updates for your model to ensure optimal performance and compatibility.

Troubleshooting

Problem	Possible Cause	Solution
No power	Loose power connection; Blown fuse	Check power wiring; Replace fuse if necessary
No sound from speakers	Incorrect speaker wiring; Volume too low; Mute activated	Verify speaker connections and polarity; Increase volume; Deactivate mute
Bluetooth not connecting	Bluetooth not enabled on phone/receiver; Device not paired	Ensure Bluetooth is on; Go to Bluetooth settings to pair device
Apple CarPlay/Android Auto not working	Wi-Fi/Bluetooth issues; Phone not compatible; App not updated	Check Wi-Fi/Bluetooth connection; Ensure phone OS is up-to-date; Update relevant apps

Problem	Possible Cause	Solution
Display unresponsive	System freeze; Dirty screen	Reset the unit (refer to manual for reset procedure); Clean the screen
