SETUP AND ASSEMBLY

Assembly of the RASTAR Audi R8 Spyder Model Car Kit involves 1440 building bricks. Follow the included illustrated

instruction manual carefully for a smooth building process.

1. **Unpack Components:** Carefully open the box and lay out all brick bags and the instruction manual. Verify all parts are present according to the parts list in the manual.
2. **Follow Instructions:** Refer to the step-by-step illustrated guide provided. Each step shows which bricks to use and where to place them.
3. **Connect Bricks Securely:** Ensure each brick is firmly connected to create a stable structure.
4. **Apply Stickers:** Once the main structure is complete, apply the 3D removable stickers as indicated in the manual to add authentic details.

MAINTENANCE

To ensure the longevity and appearance of your RASTAR Audi R8 Spyder model, follow these maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more thorough cleaning, use a slightly damp cloth with mild soap and water, then dry immediately. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent color fading and material degradation.
- **Handling:** Handle the model carefully, especially when operating movable parts, to avoid accidental damage or detachment of bricks.
- **Part Replacement:** In case of lost or damaged bricks, refer to the manufacturer's website or contact customer support for potential replacement options.

TROUBLESHOOTING

If you encounter any issues during assembly or with the completed model, consider the following:

- **Missing Pieces:** Double-check all packaging and bags. If a piece is genuinely missing, contact RASTAR customer support with details of the missing part (refer to the parts list in the manual).
- **Loose Connections:** Ensure all bricks are pressed firmly together. Sometimes, a slight adjustment or re-connection can resolve looseness.
- **Difficulty with Movable Parts:** If doors, hood, or roof are stiff, ensure no bricks are obstructing their movement. Avoid forcing them.
- **Sticker Application Issues:** If stickers are not adhering properly, ensure the surface is clean and dry.
