Olucia Black Pendant Lamp (Model 1040059) Instruction Manual

Brand: Olucia | Model: 1040059

1. INTRODUCTION AND SAFETY INFORMATION

This manual provides essential instructions for the safe installation, operation, and maintenance of your Olucia Black Pendant Lamp, Model 1040059. Please read this manual thoroughly before installation and keep it for future reference.

Important Safety Warnings:

- Always disconnect power at the main fuse or circuit breaker before installation, maintenance, or bulb replacement.
- Installation must be performed by a qualified electrician or in accordance with local electrical codes.
- Ensure the mounting surface can support the weight of the fixture.
- Do not exceed the maximum wattage specified for the light bulbs.
- This product is designed for indoor use only. Do not expose to moisture or extreme temperatures.
- Keep packaging materials out of reach of children.

2. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- 1x Olucia Black Pendant Lamp fixture (with 3 shades)
- 1x Mounting bracket/ceiling plate
- Mounting hardware (screws, wall anchors)
- Instruction Manual

Note: Light bulbs are typically not included and must be purchased separately. This fixture requires E27 base bulbs.

3. SETUP AND INSTALLATION

Follow these steps carefully for safe and proper installation.

3.1 Tools Required (Not Included):

- Screwdriver (Phillips head)
- Wire strippers
- Electrical tape
- Drill (if installing new mounting holes)
- Ladder

3.2 Installation Steps:

1. **Turn off Power:** Locate the circuit breaker controlling the light fixture's power supply and turn it off. Verify power is off using a voltage tester.
2. **Prepare Mounting Surface:** If replacing an existing fixture, carefully remove it. Ensure the ceiling junction box is secure and capable of supporting the lamp's weight (1 kg).
3. **Attach Mounting Bracket:** Secure the provided mounting bracket/ceiling plate to the ceiling junction box using the screws.

Image: Bottom view of the black rectangular ceiling mounting bar, illustrating the connection point for the pendant cables.

4. **Wire Connections:** Carefully connect the electrical wires from the ceiling to the lamp's wires.
 - Connect the live (usually black or brown) wire from the ceiling to the live wire of the lamp.
 - Connect the neutral (usually white or blue) wire from the ceiling to the neutral wire of the lamp.
 - Connect the ground (usually green/yellow or bare copper) wire from the ceiling to the ground wire of the lamp.

Secure connections with wire nuts and electrical tape.

5. **Mount the Fixture:** Carefully lift the lamp fixture and align it with the mounting bracket. Secure it in place using the provided screws or fasteners.
6. **Install Bulbs:** Screw three E27 base light bulbs into the lamp sockets. Ensure the bulbs do not exceed the maximum wattage rating (refer to specifications).

7. **Restore Power:** Once installation is complete and all connections are secure, turn the power back on at the circuit breaker.
8. **Test:** Turn on the light switch to ensure the lamp functions correctly.

4. OPERATING INSTRUCTIONS

The Olucia Black Pendant Lamp is operated via a standard wall switch (push button type) connected to your home's electrical circuit. There are no integrated switches on the fixture itself.

- **Turning On/Off:** Use the wall switch to turn the lamp on or off.
- **Bulb Type:** This fixture uses E27 base bulbs. For optimal performance and light quality, use warm white E27 bulbs as specified.

5. MAINTENANCE

Regular maintenance ensures the longevity and appearance of your pendant lamp.

5.1 Cleaning:

- Always turn off the power and allow the lamp to cool before cleaning.
- Wipe the metal surfaces with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.

5.2 Bulb Replacement:

- Turn off the power at the circuit breaker and allow bulbs to cool completely.
- Carefully unscrew the old E27 bulb.
- Screw in a new E27 bulb, ensuring it is securely seated. Do not overtighten.
- Restore power and test the new bulb.

6. TROUBLESHOOTING
