ET2 E20982-BK

ET2 Loom E20982-BK LED Pendant Light Instruction Manual

Model: E20982-BK | Brand: ET2

INTRODUCTION

Thank you for purchasing the ET2 Loom E20982-BK LED Pendant Light. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions thoroughly before beginning installation and retain them for future reference.

IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- **WARNING:** Disconnect power at the circuit breaker or fuse box before installation or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC).
- Consult a qualified electrician if you are unsure about the installation process.
- Do not install this fixture in wet locations. It is designed for indoor use only.
- Handle the fixture with care. Avoid dropping or subjecting it to strong impacts.
- Do not attempt to modify the fixture or its components.
- Ensure the mounting surface can support the weight of the fixture.

SETUP AND INSTALLATION

This pendant light requires assembly and ceiling mounting. Professional installation is recommended.

Tools Required:

- Screwdriver (Phillips and Flathead)
- Wire Strippers
- Electrical Tape

- Ladder
- Voltage Tester

Installation Steps:

1. **Turn Off Power:** Locate the circuit breaker controlling the light fixture's power supply and turn it off. Verify power is off using a voltage tester.
2. **Prepare Mounting Surface:** Ensure the junction box is securely mounted to the ceiling and can support the fixture's weight.
3. **Assemble Fixture:** Carefully unpack all components. Follow the specific assembly instructions provided in the packaging for your model. This typically involves attaching the pendant rings and cotton strands.
4. **Wire Connections:**
 - Connect the fixture's ground wire (usually bare copper or green) to the house ground wire.
 - Connect the fixture's neutral wire (usually white) to the house neutral wire (white).
 - Connect the fixture's hot wire (usually black) to the house hot wire (black).
 - Secure all connections with wire nuts and electrical tape.
5. **Mount Fixture:** Carefully lift the fixture and attach the canopy to the junction box using the provided screws. Ensure all wires are tucked neatly into the junction box.
6. **Adjust Height:** Adjust the suspension cables to achieve the desired pendant height. Secure the cables according to the fixture's design.
7. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker and test the light.

OPERATING INSTRUCTIONS

The ET2 Loom E20982-BK LED Pendant Light is designed for simple operation.

- **Power On/Off:** Control the light fixture using a standard wall switch connected to the circuit.
- **LED Technology:** This fixture uses integrated LED light sources, which are highly efficient and long-lasting. There are no bulbs to replace.
- **Dimming:** If connected to a compatible LED dimmer switch, the light output can be adjusted. Consult a qualified electrician for dimmer compatibility and installation.

CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your ET2 Loom pendant light.

- **Cleaning:** Always turn off power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or LED components.
- **LED Care:** The integrated LED light sources do not require replacement. If an LED component fails, contact customer support for assistance.
- **Inspection:** Periodically check for any loose connections or damage to the fixture. If any issues are found, disconnect power and consult a qualified electrician or customer support.

TROUBLESHOOTING

If you experience issues with your pendant light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wire connection. Faulty wall switch.	Check circuit breaker and wall switch. Turn off power and check wire connections. Test or replace the wall switch.
Light flickers or dims unexpectedly.	Loose wiring. Incompatible dimmer switch. Power fluctuations.	Turn off power and check wire connections. Ensure dimmer is LED compatible. Consult an electrician for power supply issues.
Fixture makes humming noise.	Incompatible dimmer switch. Loose components.	Replace with a compatible LED dimmer. Turn off power and check for loose parts.

If these solutions do not resolve the issue, please contact ET2 customer support.

PRODUCT SPECIFICATIONS

Brand	ET2
Model Name	E20982-BK (Loom)
Product Dimensions	18.75"L x 18.75"W x 15"H
Item Weight	4.4 Pounds
Material	Aluminum, PVC, Steel

Color/Finish	Black
Light Source Type	Integrated LED
Number of Light Sources	2
Wattage	21 Watts (total)
Voltage	120 Volts
Room Type	Living Room (also suitable for dining areas, bedrooms)
Indoor/Outdoor Usage	Indoor
Assembly Required	Yes
Mounting Type	Ceiling Mount
UPC	783209321472
