

Yaheetech YT-00143937VC

Yaheetech Stackable Outdoor Rattan Dining Chairs User Manual

Model: YT-00143937VC

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Do not overload or stand on this chair for your safety. The maximum weight recommendation is 300 pounds.
- Ensure all screws and bolts are securely tightened before use.
- Regularly inspect the chairs for any loose parts or damage.
- Keep children away from the assembly area.

PRODUCT OVERVIEW

The Yaheetech Stackable Outdoor Rattan Dining Chairs are designed for outdoor use, offering a blend of durability and convenience. Each set includes two hand-woven rattan armchairs with a sturdy steel frame.

SETUP AND ASSEMBLY

Assembly is required for these chairs. Please follow the steps carefully. All necessary tools and hardware are included.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the instruction manual are present.
2. **Attach Base to Back Legs:** Use the included hardware and tools to secure the base of the chair to the back legs. Remove any plastic protectors from the screw holes before assembly. If screws do not align, slightly loosen other screws to allow for adjustment, then tighten all screws securely.
3. **Attach Arms and Front Legs:** Turn the chair on its side. Attach the armrests and front legs using the provided hardware and tools. Repeat for the other side.
4. **Final Tightening:** Once all parts are assembled, ensure all screws are fully tightened for stability. Do not overtighten initially, as this can prevent proper alignment.
5. **Repeat for Second Chair:** Follow the same steps to assemble the second chair.

OPERATING INSTRUCTIONS

These chairs are designed for comfortable seating in outdoor environments.

Adjustable Foot Pads:

Each chair is equipped with adjustable foot pads. If you notice any rocking or instability, gently twist the foot pads at the bottom of each leg to adjust the height until the chair is stable on uneven surfaces.

PE RATTAN

Handwoven

UV-Resistant

Weather-Resistant

Stacking for Storage:

To save space, these chairs can be easily stacked. Lift one chair and carefully place it on top of another, aligning the legs and seat to ensure a stable stack. The hollowed design facilitates this process.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Yaheetech chairs.

- **Cleaning:** Wipe down the rattan and steel frame with a damp cloth and mild soap. Rinse thoroughly with water and dry completely to prevent water spots or mildew. Avoid harsh chemicals or abrasive cleaners.
- **UV and Weather Resistance:** The HDPE rattan is UV-resistant and weather-resistant, designed to withstand various outdoor conditions. However, for prolonged life, consider covering the chairs during extreme weather conditions or prolonged periods of non-use.
- **Storage:** When not in use, especially during off-seasons, store the chairs in a dry, covered area. The stackable design makes storage convenient.
- **Inspection:** Periodically check all connections and hardware to ensure they remain tight. Tighten any loose screws as needed.

ERGONOMIC DESIGN

Designed for comfort, providing a great seating experience

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--------------------------------------|---|--|
| Chair is wobbly/unstable. | Uneven surface or loose foot pads. | Adjust the screwable foot pads on the bottom of each leg until stability is achieved. |
| Screws do not align during assembly. | Screws may be overtightened in other sections, or parts are not properly aligned. | Slightly loosen all screws, align the parts, then tighten all screws evenly. Ensure plastic protectors are removed from screw holes. |
| Rattan appears faded or damaged. | Prolonged exposure to extreme weather without protection. | While weather-resistant, consider using a protective cover during harsh weather or long periods of non-use to preserve appearance. |
