## Assembly Instructions

Follow the step-by-step instructions provided in the included manual for assembling each furniture piece. Ensure all bolts are tightened securely. The modular design allows for various configurations.

### Connecting Sofa Sections with U-Shaped Fasteners

To prevent sofa sections from sliding apart, use the provided U-shaped fasteners. These fasteners connect the bases of adjacent sofa units.

- Align the desired sofa sections side-by-side.
- Locate the U-shaped fasteners. If they are too stiff, immerse them in hot water for approximately 20-30 seconds to make them more pliable. Use tongs to retrieve them and wear protective gloves.
- Slide the U-shaped fasteners onto the bottom frame rails of two adjacent sofa sections, ensuring a snug fit.

- Repeat for all desired connections to create a stable arrangement.

### Cushion Placement

Place the seat cushions onto the sofa bases. The cushions feature a Velcro non-slip feature on the bottom to keep them securely in place.
Position the back cushions against the sofa backrests. These cushions include tie-down straps to secure them to the frame.

## Maintenance

### Cushion Care

The sofa cushions are equipped with convenient zippers for easy disassembly and cleaning. The cushion covers are splash-proof. For general cleaning, wipe with a damp cloth. For deeper cleaning, remove covers and follow fabric care instructions.

### Frame Care

The furniture features durable all-weather polyethylene wicker and sturdy, rust-proof steel frames. To maintain the appearance and longevity of your furniture, regularly wipe down the wicker and frame with a mild soap and water solution. Rinse thoroughly and dry completely to prevent water spots or residue buildup.

## Troubleshooting

### Sofa Sections Separating

If sofa sections are separating, ensure the U-shaped fasteners are correctly installed and securely connecting the bases of the adjacent units. If the fasteners are too rigid, try the hot water method described in the Assembly Instructions to make them more pliable for a tighter fit.

### Missing or Damaged Parts

If you encounter any missing parts or damage during shipping, please do not hesitate to reach out to our customer support team for assistance.
