

XIO-MI10I-T001

Generic Tempered Glass Screen Protector for Xiaomi Mi 10i 5G

Model: XIO-MI10I-T001

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your Generic Tempered Glass Screen Protector for the Xiaomi Mi 10i 5G. This screen protector is engineered to offer superior protection against scratches, impacts, and daily wear, while preserving the original touch sensitivity and visual clarity of your device's display. Its 9H hardness and oleophobic coating ensure durability and resistance to fingerprints and smudges.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- Tempered Glass Screen Protector
- Microfiber Cloth
- Wet Wipe (Alcohol Prep Pad)
- Dry Wipe
- Guide Stickers
- Dust Absorber Sticker

HOBBYTRONICS Sales Package

Tempered Glass

Microfiber Cloth

Wet and Dry Wipes

Alignment Tool

INSTALLATION GUIDE

Follow these steps carefully for a bubble-free installation:

1. **Clean the Screen:** Use the wet cleaning wipe (labeled "1") to thoroughly clean your phone's screen, removing all dirt, oil, and smudges.
2. **Dry the Screen:** Immediately use the dry wipe (labeled "2") to dry the screen completely, ensuring no moisture remains.
3. **Remove Dust:** Use the dust absorber sticker to gently dab the screen and remove any remaining dust particles. Ensure the screen is completely dust-free.
4. **Position the Protector:** Carefully align the tempered glass screen protector with your phone's screen. Pay attention to the cutouts for the camera and sensors. Use guide stickers if provided to help with alignment.

5. **Peel the Backing:** Once aligned, peel off the protective film from the adhesive side of the tempered glass. Avoid touching the adhesive surface.
6. **Apply the Protector:** Gently place the tempered glass onto the screen, starting from one edge and slowly lowering it. The adhesive will begin to spread.
7. **Remove Bubbles:** If any bubbles appear, gently push them towards the edges of the screen using the microfiber cloth or a soft card. Small bubbles should disappear within 24-48 hours.
8. **Final Wipe:** Use the microfiber cloth to give the installed screen protector a final wipe.

OPERATION AND FEATURES

Once installed, your screen protector provides enhanced protection and maintains the functionality of your device:

- **Delicate Touch Sensitivity:** The ultra-thin design ensures that your screen's touch response remains unaffected, providing a smooth and responsive user experience.
- **Anti-Fingerprint Coating:** An oleophobic coating resists fingerprints and smudges, keeping your screen clear and easy to clean.
- **Full Coverage:** Designed for edge-to-edge coverage (except for the very edges to allow for case compatibility), offering maximum protection for your display.
- **9H Hardness:** Provides robust scratch protection against keys, coins, and other sharp objects.
- **2.5D Curved Edges:** The rounded edges offer a comfortable feel and help deflect shock from impacts.

MAINTENANCE

To maintain the clarity and effectiveness of your screen protector:

- Regularly wipe the screen with a clean, soft microfiber cloth to remove dust and fingerprints.
- For stubborn smudges, lightly dampen the microfiber cloth with water or a screen cleaner designed for electronics. Avoid harsh chemicals or abrasive materials.
- Do not attempt to peel off and reapply the screen protector, as this may compromise its adhesive and lead to dust or bubbles.

TROUBLESHOOTING

Common issues and their solutions:

- **Bubbles After Installation:**
 - Small bubbles often disappear naturally within 24-48 hours.
 - For larger bubbles, gently lift the nearest edge of the screen protector slightly and re-apply, pushing the bubble out with a microfiber cloth. Ensure no dust is trapped underneath.
- **Dust Trapped Underneath:**

- If dust is trapped, carefully lift the corner of the screen protector closest to the dust particle using a piece of tape. Use another piece of tape to gently dab and remove the dust from the adhesive side. Re-apply carefully.
- **Reduced Touch Sensitivity:**
 - Ensure the screen protector is properly seated and there are no air gaps.
 - Clean the screen protector surface thoroughly.

SPECIFICATIONS

Brand	Generic
Model Name	Screen Protector
Model Number	XIO-MI10I-T001
Compatible Devices	Xiaomi Mi 10i 5G
Material	Tempered Glass
Finish Type	Glossy
Color	Transparent
