CARE AND MAINTENANCE

To ensure the longevity of your Trefl Disney Princess Puzzles, follow these simple care instructions:

- **Storage:** Store the puzzles in their original box in a dry place away from direct sunlight and extreme temperatures. This prevents warping and fading.
- **Cleaning:** If pieces become dusty, gently wipe them with a dry, soft cloth. Do not use water or cleaning solutions, as this can damage the paper material.
- **Handling:** Handle pieces carefully to avoid bending or tearing.

TROUBLESHOOTING

While puzzles are generally simple, here are some common issues and their solutions:

Problem	Solution
Missing Piece: A piece appears to be missing.	Thoroughly check your workspace, under furniture, and inside the box. Sometimes pieces can stick together or get misplaced. If a piece is genuinely missing, contact Trefl customer support (see Support section).

Problem	Solution
Pieces Don't Fit: Two pieces don't seem to connect properly.	Ensure you are trying to connect pieces from the same puzzle. The back of each puzzle's pieces may have a unique pattern to help differentiate them. Double-check the shape and image alignment.
Puzzle is Too Difficult: The puzzle seems challenging for the user.	Try sorting pieces more thoroughly (e.g., by color, character, or specific objects). Work on smaller, recognizable sections first. Puzzling with a friend or family member can also make it easier and more fun. Remember, the recommended age is 5 years and up.
