## IRONCK QR-123

# IRONCK 70" Pantry Storage Cabinet

MODEL: QR-123

## Introduction

---

Thank you for choosing the IRONCK 70" Pantry Storage Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new cabinet. Please read these instructions thoroughly before beginning assembly and retain them for future reference.

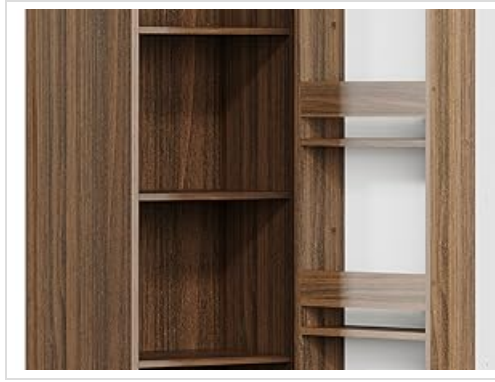

This freestanding tall narrow cupboard features 6 adjustable wood shelves and 5 hanging shelves, designed to optimize storage in various rooms such as the kitchen, dining room, or living room. Its user-friendly design includes an extended handle and metal universal wheels for ease of access.

## Safety Information

---

### Important Safety Precautions:

- Do not overload the cabinet. The maximum weight capacity is **270 lbs**. Distribute weight evenly across shelves.
- Always ensure the cabinet is properly secured to the wall using the provided anti-tip design. This is crucial to prevent tipping, especially when the cabinet is fully loaded or in households with children or pets.
- Keep small parts away from children during assembly to prevent choking hazards.
- Assemble the cabinet on a soft, clean surface to avoid scratching the finish.

## Setup & Assembly

---

Assembly of the IRONCK Pantry Storage Cabinet is designed to be straightforward with illustrated instructions and included tools. It is recommended to have two people for assembly, though it can be completed by one individual.

1. **Unpack and Identify:** Carefully unpack all components and compare them against the parts list in the assembly instructions.
2. **Assemble Main Frame:** Follow the step-by-step diagrams to construct the main cabinet frame. Ensure all connections are secure.
3. **Install Shelves:** Insert the adjustable wood shelves into the desired positions. Pre-drilled holes allow for flexible shelf placement.
4. **Attach Door:** Secure the door to the main cabinet using the provided hinges.
5. **Install Door Shelves:** Attach the 5 hanging shelves to the interior of the door.
6. **Attach Handle and Wheels:** Fasten the extended handle to the door and install the metal universal wheels at the bottom of the door.
7. **Secure Anti-Tip Device:** Crucially, install the anti-tip bracket to the top rear of the cabinet and secure it to a wall stud or appropriate wall anchor. This prevents accidental tipping.

## Operating Instructions

The IRONCK Pantry Storage Cabinet is designed for versatile and convenient storage.

- **Adjustable Shelves:** The main compartment features 6 adjustable wood shelves. To adjust, remove items, lift the shelf, reposition the shelf pins to the desired height, and reinsert the shelf. This allows customization for items of various sizes.
- **Door Storage:** The cabinet door is equipped with 5 hanging shelves, ideal for smaller items like spices, condiments, or narrow bottles. These shelves are designed with widened partitions to help prevent items from falling.
- **Easy Access Door:** The extended handle allows for comfortable opening without excessive bending. The metal universal wheels at the bottom of the door facilitate smooth opening and closing, even when the door shelves are fully loaded.

## Maintenance

---

Proper care will extend the life and appearance of your IRONCK cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Wheels:** Keep the universal wheels free of debris to ensure smooth operation.

## Troubleshooting

---

If you encounter issues with your cabinet, consider the following common solutions:

- **Door difficult to open/close:** Check the metal universal wheel at the bottom of the door. Ensure it is clean and free of obstructions. If the wheel is sticking, it may need lubrication or adjustment. Verify

that the cabinet is on a level surface.

- **Cabinet feels unstable:** Confirm that the anti-tip device is correctly installed and securely fastened to the wall. Ensure all assembly hardware is tightened. Avoid placing excessively heavy items on upper shelves.
- **Shelves not fitting:** Double-check that the adjustable shelf pins are inserted correctly into the pre-drilled holes and that the shelf is oriented properly.
