# DNYN Twin Size Double Montessori Floor Bed Instruction Manual

## INTRODUCTION

Thank you for choosing the DNYN Twin Size Double Montessori Floor Bed. This manual provides essential information for the safe assembly, proper use, and maintenance of your new bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## SAFETY INFORMATION

- Exercise caution around sharp edges during assembly and use.
- Do not exceed the maximum weight capacity of 400 lbs (200 lbs per twin bed section).
- Follow all assembly instructions precisely to prevent instability and ensure structural integrity.
- Ensure all hardware is securely tightened before use and periodically check for looseness.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.

## PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bed Frame Panels (Pine wood)
- Guardrail Panels
- Center Support Beam
- Hardware Pack (screws, bolts, Allen wrench)
- Assembly Instruction Manual

## SETUP AND ASSEMBLY INSTRUCTIONS

---

Assembly is designed to be straightforward. It is recommended to have two adults for easier and safer assembly. Please follow these steps in order:

### 1. **Step 1: Unpack and Identify Components**

Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches. Identify each component using the provided parts list in your separate instruction manual.

### 2. **Step 2: Assemble the Outer Frame Sections**

Connect the long side rails to the short end rails for each twin bed section using the provided hardware. Ensure the guardrail slots are facing upwards. Tighten screws hand-tight initially.

Image: Assembling the first frame section.

### 3. **Step 3: Attach Guardrails**

Insert the vertical guardrail slats into the pre-drilled holes on the assembled frame sections. Secure them with the appropriate hardware. Ensure all guardrails are firmly in place.

Image: Guardrails attached to one bed section.

#### 4. **Step 4: Connect the Two Twin Bed Sections**

Position the two completed twin bed sections side-by-side. Use the central connecting hardware to join them securely. This creates the double floor bed structure.

Image: Connecting the two bed sections.

#### 5. **Step 5: Install Center Support Beam (if applicable)**

If your model includes a center support beam, attach it according to the specific instructions in your manual to enhance stability between the two sections.

#### 6. **Step 6: Final Tightening**

Once all parts are assembled, go back and fully tighten all screws and bolts using the Allen wrench. Do not overtighten.

## OPERATING INSTRUCTIONS

This floor bed is designed for use with standard twin-size mattresses. No box spring is needed.

- **Mattress Placement:** Place a twin-size mattress directly onto each bed section. The suggested mattress thickness is 6 inches or less for optimal guardrail effectiveness.
- **Weight Capacity:** Each twin bed section supports up to 200 lbs. Do not exceed this limit.
- **Entry/Exit:** The bed features a shared opening for easy entry and exit.

## MAINTENANCE

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the wood finish.
- **Hardware Check:** Periodically inspect all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.
- **Wood Care:** Protect the wood from excessive moisture and direct sunlight to prevent warping or fading.

## TROUBLESHOOTING

- **Bed Wobbles:** Ensure all hardware is fully tightened. Check that the bed is on a level surface.
- **Missing Parts:** If any parts were missing upon delivery, refer to the contact information in the Warranty and Support section.
- **Difficulty Assembling:** Review the assembly steps carefully. Ensure components are oriented correctly. Do not force parts together.

## SPECIFICATIONS

Feature	Detail
Product Type	Double Floor Bed with Fence
Size	Twin + Twin
Color	Natural
Material (Main)	Pine + Plywood
Overall Product Dimension	81.8"L x 78.2"W x 15.7"H
Overall Product Weight	38.6 lbs
Bed Weight Capacity	200 lbs + 200 lbs
Suggested Mattress Thickness	6 inches or less
Assembly Required	Yes
Box Spring Needed	No
Compatible Mattress Size	Twin, Twin XL
