## MAINTENANCE

To ensure the longevity and optimal performance of your Panasonic Fire TV, regular maintenance is recommended.

### Cleaning

- Gently wipe the screen with a soft, dry microfiber cloth. Avoid using harsh chemicals or abrasive materials.

- For stubborn smudges, lightly dampen the cloth with water or a screen-specific cleaning solution.
- Clean the TV frame and stand with a soft, dry cloth.

### Software Updates

Your Fire TV will periodically receive software updates to improve performance and add new features. Ensure your TV is connected to the internet to receive these updates automatically. You can also manually check for updates in the TV's settings menu.

## TROUBLESHOOTING

If you encounter issues with your Panasonic Fire TV, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to both the TV and the power outlet. Try plugging the TV into a different outlet.
- **No Picture/Sound:** Check all HDMI and audio cable connections. Verify that the correct input source is selected on the TV.
- **Remote Not Responding:** Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the TV.
- **Internet Connectivity Issues:** Restart your Wi-Fi router. Check the TV's network settings to ensure it's connected to the correct network.
- **App Freezing/Crashing:** Try restarting the app. If the issue persists, clear the app's cache or reinstall it.

For more detailed troubleshooting or persistent issues, please refer to the full user manual or contact Panasonic customer support.
