

IAQIYOPS Epc05 S1 Epc05-s2

IAQIYOPS Replacement Rice Cooker Inner Pot User Manual

Compatible with Moulinex Epc05 S1 and Epc05-s2 (220-230V)

1. INTRODUCTION

Thank you for choosing the IAQIYOPS Replacement Rice Cooker Inner Pot. This inner pot is designed as a compatible accessory for Moulinex Epc05 S1 and Epc05-s2 electric pressure cookers operating at 220-230V. It features a non-stick surface for easy cooking and cleaning, promoting healthy eating and efficient cooking.

2. SAFETY INFORMATION

- Always ensure the inner pot is clean and free of debris before placing it into the rice cooker.
- Handle the inner pot with care, especially when hot, to prevent burns. Use oven mitts or heat-resistant gloves.
- Do not use abrasive cleaners, metal scouring pads, or sharp utensils on the non-stick surface, as this can damage the coating.
- Ensure the inner pot is correctly seated in the rice cooker before operating the appliance.
- Keep out of reach of children.

3. SETUP

1. **Unpacking:** Carefully remove the inner pot from its packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the inner pot thoroughly with warm, soapy water and a soft sponge. Rinse well and dry completely.
3. **Placement:** Place the clean and dry inner pot into the main body of your compatible Moulinex Epc05 S1 or Epc05-s2 rice cooker. Ensure it sits flat and securely within the heating element.

4. OPERATING INSTRUCTIONS

This inner pot functions as the cooking vessel within your electric pressure cooker. For specific cooking instructions, refer to the original user manual of your Moulinex Epc05 S1 or Epc05-s2 rice cooker.

- **Adding Ingredients:** Place your desired ingredients (e.g., rice, water, other food items) directly into the inner pot. The pot features internal measurement markings for convenience.
- **Cooking:** Close the lid of your rice cooker and select the appropriate cooking program according to your appliance's instructions. The non-stick surface ensures even heat distribution and prevents food from sticking.
- **Multi-functional Use:** This inner pot supports various cooking modes including stewing, porridge, steaming, and cake making, depending on the capabilities of your Moulinex rice cooker.

5. MAINTENANCE AND CLEANING

Proper care will extend the life of your inner pot and maintain its non-stick properties.

- **After Each Use:** Allow the inner pot to cool down completely before cleaning.
- **Washing:** Wash the inner pot by hand using warm water, a mild dish soap, and a soft sponge or cloth.
- **Avoid Abrasives:** Do not use abrasive cleaners, steel wool, or harsh scrubbing pads, as these can scratch and damage the non-stick coating.
- **Drying:** Dry the inner pot thoroughly with a soft towel before storing or reusing.
- **Storage:** Store in a dry place, away from direct heat or sunlight.

6. TROUBLESHOOTING

- **Inner Pot Does Not Fit:** Ensure your rice cooker model is specifically Moulinex Epc05 S1 or Epc05-s2. This inner pot is designed for these specific models. If it does not fit, please contact customer support.
- **Food Sticking:** While the pot is non-stick, excessive heat or insufficient liquid can sometimes cause

food to stick. Ensure you are following recipe guidelines and your rice cooker's operating instructions. Avoid using metal utensils that can scratch the coating.

- **Uneven Cooking:** Ensure the inner pot is properly seated and the rice cooker's heating element is clean. Refer to your rice cooker's manual for troubleshooting uneven cooking issues.
