Video: A detailed installation guide for the Anrli 24V Tractor (Model BBH030), demonstrating step-by-step assembly.

4.2. Key Assembly Steps

1. **Unboxing and Parts Identification:** Carefully unpack all components and verify against the parts list.
2. **Battery Connection:** Connect the battery wires as shown in the video. Ensure a secure connection.
3. **Wheel Assembly:** Attach the wheels to the axles, securing them with the provided washers and nuts.
4. **Steering Wheel Installation:** Insert the steering wheel into its designated slot and ensure it is firmly in place.
5. **Seat and Armrest Attachment:** Secure the seat to the tractor body using the provided screws. Attach the armrests.
6. **Exhaust Pipe Attachment:** Install the decorative exhaust pipe.
7. **Trailer Assembly:** Assemble the detachable trailer by connecting its base, sides, and wheels.
8. **Trailer Connection:** Attach the assembled trailer to the rear hitch of the tractor.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off and Driving Modes

- **Power Button:** Press the red power button on the dashboard to turn the tractor on or off.
- **Manual Driving:** Older children can operate the tractor independently using the foot pedal and steering wheel. Select desired speed (2-speed options) using the gear shifter.
- **Parental Remote Control:** For younger children, parents can use the 2.4G remote control. The remote offers 3-speed settings and an emergency 'P' brake button for safety, overriding manual controls.

TWO RIDING MODES

5.2. Speed and Performance

- Equipped with dual 200W motors and a 24V rechargeable battery.
- Adjustable speed settings from 2-4.3 MPH.
- Features a soft-start function to prevent sudden jerks, ensuring a smooth ride.

5.3. Media and Entertainment

- Built-in music player with pre-loaded songs.
- Bluetooth connectivity allows streaming music or stories from a connected device.
- Realistic engine sounds and decals enhance the play experience.

5.4. Trailer Operation

- The trailer is detachable, transforming the vehicle from a 6-wheeler to a 4-wheeler.
- The trailer features a tiltable design for easy unloading of items.

ANTI-SKID WHEELS FOR MULTI-TERRAIN

6. MAINTENANCE

6.1. Battery Charging

- Charge the 24V battery for 8-12 hours before first use and after each play session.
- Do not overcharge the battery.
- Ensure the charging port is clean and dry before connecting the charger.

6.2. General Care

- Clean the tractor with a damp cloth. Do not use abrasive cleaners.
- Store the tractor in a dry, covered area away from direct sunlight and moisture.
- Regularly inspect all parts for wear and tear, especially wheels, axles, and electrical connections.

7. TROUBLESHOOTING

If you encounter any issues with your Anrli Ride On Tractor, please refer to the following common troubleshooting tips:

- **Tractor not moving:** Check battery connections, ensure the battery is charged, and verify the power button is on. If using remote control, ensure it is paired and within range.
 - **Reduced speed/power:** The battery may need charging. Ensure the tractor is not overloaded beyond its maximum capacity.
 - **Remote control not working:** Check batteries in the remote control and ensure it is properly paired with the tractor.
 - **Unusual noises:** Inspect wheels and axles for any obstructions or loose parts.
-
