HOROW B0408-GE

HOROW Intelligent Smart Bidet Toilet Seat

Model: B0408-GE

User Manual

Introduction

This manual provides essential information for the safe and efficient operation, installation, and maintenance of your HOROW Intelligent Smart Bidet Toilet Seat, Model B0408-GE. Please read this manual thoroughly before installation and use, and retain it for future reference.

Image: An overview of the HOROW Intelligent Smart Bidet Toilet Seat, highlighting its key features such as the bidet nozzle, digital display, warm air drying, soft-close mechanism, heated toilet seat, night light, and 3-level temperature adjustment.

Safety Instructions

- Ensure the product is installed by a qualified professional to prevent electrical or plumbing hazards.
- Do not immerse the product in water or spray water directly onto electrical components.
- Unplug the unit before cleaning or performing any maintenance.
- Keep children and individuals with reduced physical, sensory, or mental capabilities away from the product unless supervised.
- Use only the provided components and accessories.

Setup and Installation

Before installation, ensure your toilet is compatible with the bidet seat dimensions. The package includes the bidet toilet seat, a filter, an installation kit, and a water inlet hose.

Compatibility and Dimensions

Verify your toilet's dimensions against the provided diagram to ensure proper fit for both wall-hung and floor-mounted toilets.

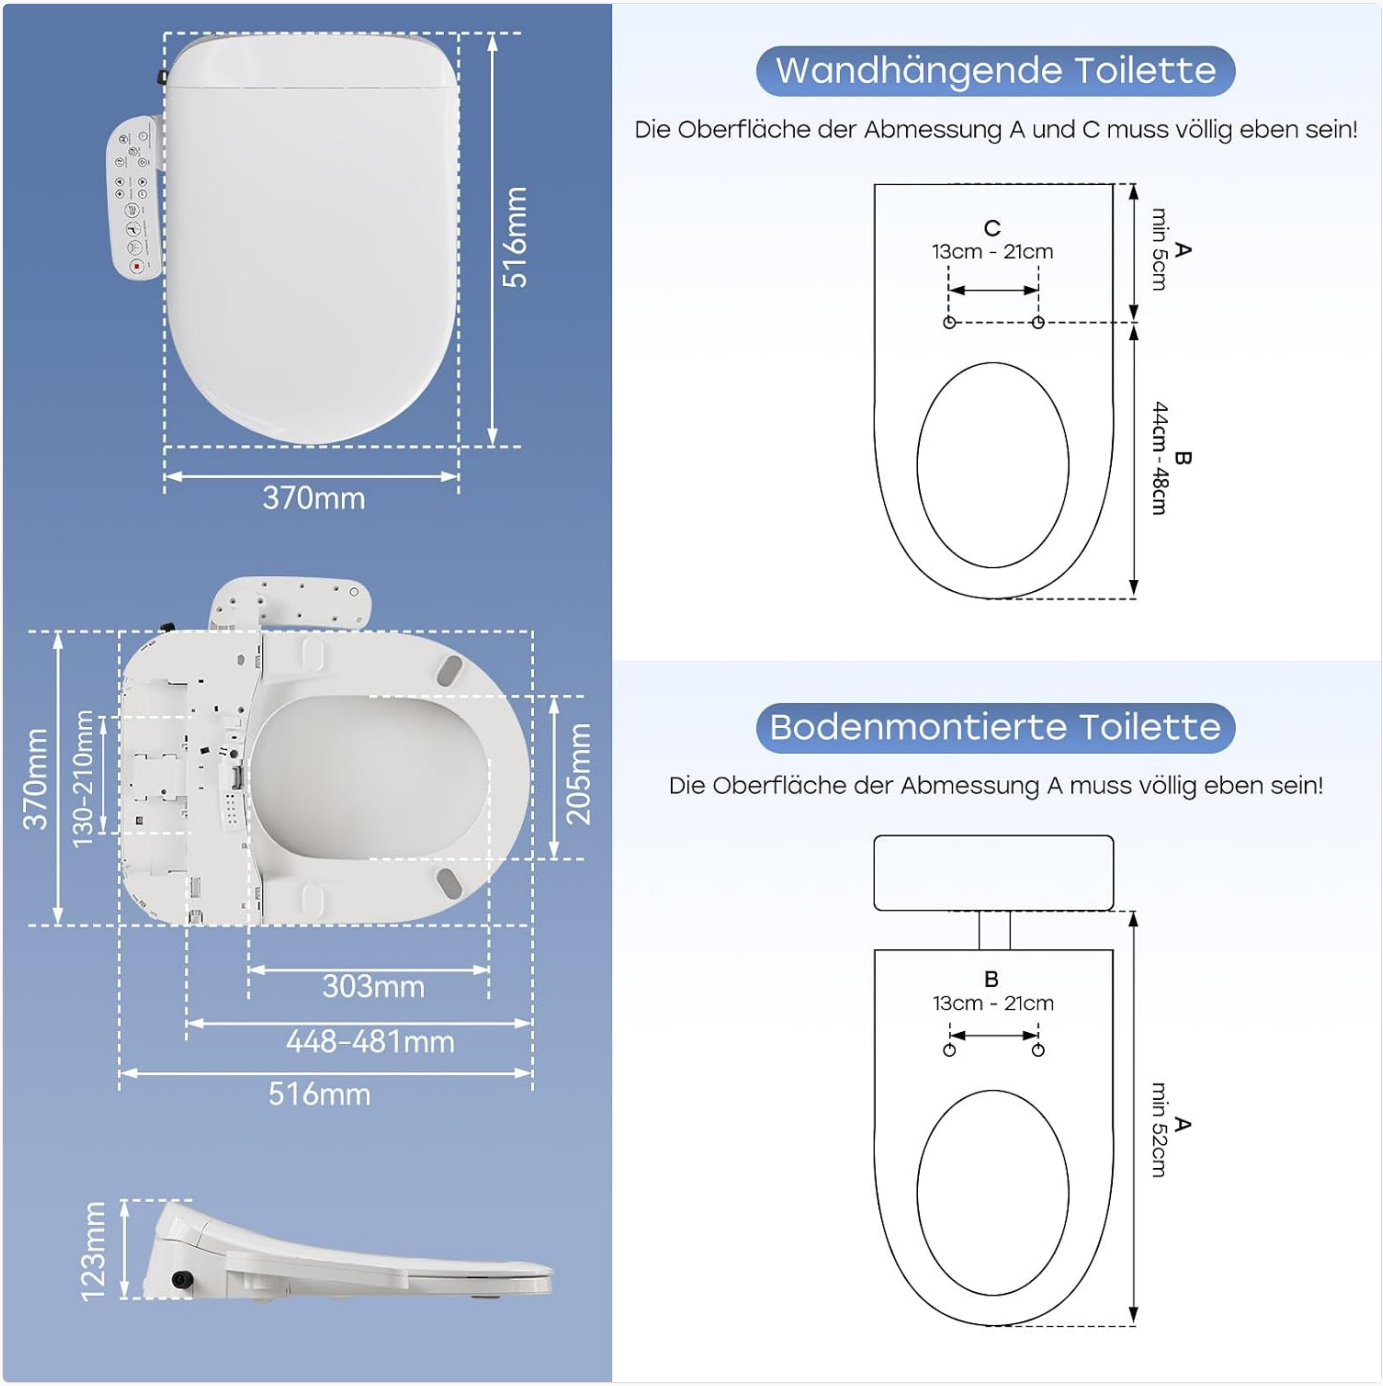

Image: A diagram illustrating the required dimensions for both wall-hung and floor-mounted toilets to ensure compatibility with the bidet seat. Key measurements for length, width, and bolt spacing are shown.

Water Connection

Connect the bidet seat to your toilet's water supply using the included T-piece, filter, and water inlet hose. Ensure all connections are secure and leak-free.

Cleaning Modes

- **Lady Shower:** A gentle and precise wash, ideal for feminine hygiene.
- **Butt Shower:** A thorough posterior wash for all users.
- **Mobile Shower:** An oscillating wash for extended cleaning coverage.

Adjust water temperature, water pressure, and nozzle position using the remote control for a personalized experience. The nozzles are self-cleaning.

Warm Air Drying

After cleaning, activate the warm air drying function. The air temperature is adjustable to your preference, providing comfort and reducing the need for toilet paper.

Image: A close-up view of the warm air drying feature, illustrating the vent from which warm air is dispensed to dry the user after washing. The image highlights the adjustable drying temperature.

Seat Heating

The built-in seat heater provides warmth, adjustable to your comfort level, ensuring a pleasant experience in any season.

Image: A diagram illustrating the internal heating elements of the bidet seat, demonstrating how the seat is quickly and evenly heated to a balanced temperature for user comfort.

Night Light and Digital Display

A soft LED night light illuminates the toilet bowl in dark conditions, and a digital display shows current settings like seat temperature.

Maintenance

Cleaning the Unit

- Always unplug the bidet seat from the power outlet before cleaning.
- Use a soft, damp cloth and a mild, non-abrasive cleaner to wipe down the exterior surfaces.
- Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the finish.

Nozzle Self-Cleaning

The bidet features an automatic nozzle self-cleaning function. Press the "Self-Cleaning" button on the remote control to

activate this feature, ensuring hygiene before and after use.

Filter Replacement

The included water filter helps maintain water quality. Replace the filter periodically according to usage or if water flow is reduced. Refer to the filter's specific instructions for replacement frequency.

Troubleshooting

If you encounter issues with your bidet seat, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No water spray	Water supply valve closed; filter clogged; power issue.	Check water supply valve; clean or replace filter; ensure unit is powered on.
No seat heating	Seat heating function not activated; power issue.	Activate seat heating via remote; check power connection.
Remote control not responding	Low or dead batteries; obstruction between remote and unit.	Replace remote batteries; ensure clear line of sight.
Water leakage	Loose connections; damaged hose or seal.	Tighten all water connections; inspect hoses and seals for damage and replace if necessary.

If the problem persists after attempting these solutions, please contact customer support.

Specifications

Feature	Detail
Brand	HOROW
Model Number	B0408-GE
Color	White
