Bestier B700937SUS-WDG

Bestier Full Bed Frame with Headboard Storage and Charging Station

Model: B700937SUS-WDG

INTRODUCTION

Thank you for choosing the Bestier Full Bed Frame. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and efficient use of your new bed frame. This bed frame features a headboard with integrated storage, a charging station, and LED lighting, designed for comfort and convenience.

SAFETY INFORMATION

Important Safety Instructions:

- Always follow the assembly instructions carefully to prevent instability or collapse.
- Do not exceed the maximum weight capacity of 1100 lbs.
- Be cautious around the diagonal stops to prevent injury.
- Ensure all connections are secure before use.
- Keep children away from small parts during assembly.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present. Refer to the included parts list in your packaging. The package should contain:

- Basic Components of Bed Frame (Headboard, Side Rails, Footboard, Slats, Support Legs)
- Installation Tools and Accessories (Screws, Allen Wrench, etc.)
- LED Light Strip and Remote Control
- Charging Station Unit
- Side Pockets (2)

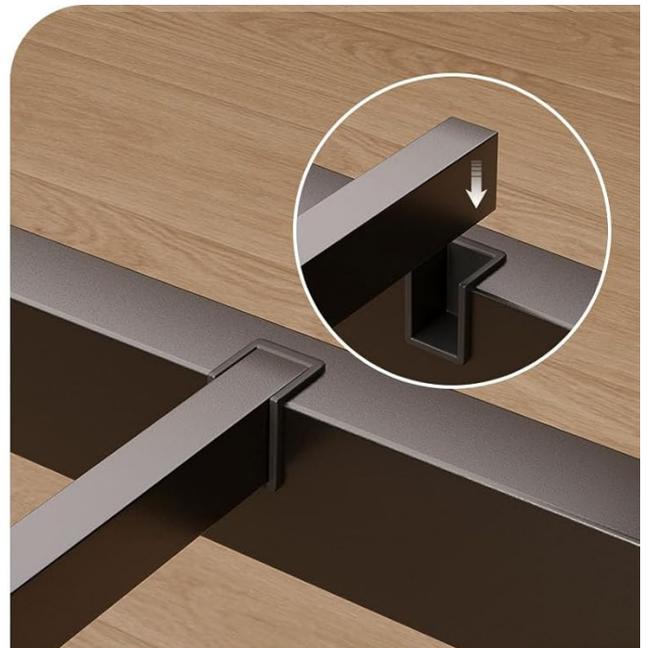

ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. It is recommended to have two people for certain steps. Please follow the

detailed graphical instructions provided in your product packaging. Below are general steps and key features to note during assembly:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Match each part to the corresponding label in the instruction manual.
2. **Assemble the Headboard:** Attach the headboard panels and the top storage shelf. Ensure the charging station unit is correctly inserted into its designated slot.
3. **Attach Side Rails:** Connect the side rails to the headboard and footboard. Ensure all bolts are tightened securely.
4. **Install Support Slats:** Place the metal slats across the frame. The robust system of steel slats provides strong mattress support.
5. **Secure Mattress Stabilization:** The bed frame includes integrated diagonal stoppers to prevent mattress shifting. Ensure these are properly engaged.
6. **Install LED Lights:** Affix the LED strip to the designated area on the headboard. Connect it to the power source as instructed.
7. **Attach Side Pockets:** Secure the two side pockets to the headboard for convenient storage.
8. **Final Check:** Verify that all connections are tight and the frame is stable before placing the mattress.

Easy to Assemble

**No Squeak &
Heavy-duty Frame**

OPERATING INSTRUCTIONS

A. Charging Station

The integrated charging hub is located on the headboard. It provides convenient power access for your devices.

- **Power Outlets:** Features 2 standard AC outlets for larger electronics.
- **USB Ports:** Includes 1 USB-A port and 1 USB-C port for charging mobile devices.
- **Usage:** Simply plug your device's charging cable into the appropriate port or outlet. Ensure the bed frame is connected to a wall power source.

B. LED Lighting System

The bed frame is equipped with a versatile LED strip to create ambient lighting. Control options include a remote, a physical switch, and a mobile application.

- **Remote Control:** Use the provided remote to power the lights on/off, change colors (7 options), and select from 22

dynamic modes.

- **Switch Control:** A physical switch on the headboard allows for basic on/off functionality.
- **App Control:** Download the dedicated mobile application (refer to your packaging for QR code or app store details) to access advanced customization features for colors, brightness, and modes.

C. Headboard Storage and Side Pockets

The headboard features a practical storage shelf and two side pockets for organizing personal items.

- **Storage Shelf:** Use the top shelf (5.9 inches deep) to place books, decorative items, or frequently used electronics.
- **Side Pockets:** The two attached side pockets are ideal for keeping smaller items like remote controls, glasses, or magazines within easy reach.

D. Mattress Stabilization System

The bed frame is designed with an advanced mattress stabilization system to prevent mattress movement.

- **Diagonal Stoppers:** Integrated diagonal stoppers at the corners of the frame hold the mattress firmly in place.
- **Embedded Design:** The frame's embedded design ensures the mattress sits snugly, reducing slippage.

Keep Mattress in Place

Prevent Mattress Slippage

MAINTENANCE

To ensure the longevity and appearance of your Bestier bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe down metal and laminated surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Tighten Fasteners:** Periodically check and tighten all bolts and screws to maintain structural integrity and prevent squeaking.
- **LED Lights:** If LED lights malfunction, check connections. Do not attempt to repair the LED strip yourself; contact customer support.
- **Charging Station:** Ensure the charging station remains dry and free of dust. Do not overload the outlets.
- **Weight Capacity:** Adhere to the maximum weight capacity of 1100 lbs to prevent damage to the frame.

TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---------------------------------------|--|--|
| Bed frame is wobbly or noisy. | Loose bolts or uneven floor. | Tighten all assembly bolts. Ensure the bed is on a level surface. |
| Mattress slides off the frame. | Mattress not properly seated or stabilization features not engaged. | Ensure the mattress is fully within the embedded frame design and the diagonal stoppers are correctly positioned. |
| LED lights not working. | Power connection issue, remote battery dead, or LED strip damage. | Check if the LED strip is securely plugged into the power source. Replace remote batteries. If issues persist, contact customer support. |
| Charging station not providing power. | Bed frame not plugged into wall outlet, or charging station malfunction. | Verify the bed frame's main power cord is securely plugged into a functional wall outlet. Test with different devices. If still not working, contact customer support. |

SPECIFICATIONS

- **Brand:** Bestier
- **Model Number:** B700937SUS-WDG
- **Size:** Full
- **Color:** Grey
- **Material:** Metal, Laminated Wood
- **Product Dimensions:** 81.7"L x 54.3"W x 44.1"H
