6. MAINTENANCE

Cleaning:

Care:

- Avoid direct sunlight exposure to prevent fading.
- Use coasters under drinks to protect the surface from moisture rings.
- Periodically check and tighten all hardware to maintain stability.

- Do not drag heavy objects across the desktop to prevent scratches.

7. TROUBLESHOOTING

Desk is Wobbly:

Check all screws and cam locks to ensure they are fully tightened. Make sure the desk is on a level surface. If necessary, use furniture levelers (not included) under the legs.

Drawers are Sticking:

Ensure the drawer slides are properly aligned and free of obstructions. Lubricate the slides with a silicone-based spray if needed. Verify that the drawer boxes were assembled correctly and are not warped.
