- **Handling:** Handle the assembled mural with care to prevent accidental disassembly.

5. Troubleshooting

This section addresses common issues you might encounter during assembly or display.

Problem	Solution
Missing pieces	Carefully check all packaging and the workspace. If pieces are genuinely missing, contact WEUYUIAF customer support with details of the missing parts.
Blocks do not fit together	Ensure you are using the correct blocks for the step. Apply firm, even pressure. If a block still doesn't fit, check for any manufacturing defects or debris.
