

JBL Tune Beam 2

JBL Tune Beam 2 Ghost Edition True Wireless Noise Cancelling Earbuds User Manual

Model: Tune Beam 2

INTRODUCTION

Welcome to the user manual for your JBL Tune Beam 2 Ghost Edition True Wireless Noise Cancelling Earbuds. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your earbuds to ensure optimal performance and enjoyment.

mauve finish.

SETUP AND FIRST USE

Unboxing and Initial Charge

Upon unboxing, ensure all components are present: the JBL Tune Beam 2 earbuds, charging case, USB-C charging cable, and various sizes of ear tips. It is recommended to fully charge the earbuds and case before first use.

Charging the Earbuds and Case

Connect the provided USB-C cable to the charging port on the case and a power source. The LED indicators on the case will show the charging status. The earbuds charge automatically when placed inside the case. A full charge provides up to 48 hours of total playback (12 hours from earbuds + 36 hours from case).

factor.

Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "JBL Tune Beam 2" from the list to connect.
4. Once connected, a confirmation sound will play, and the LED on the earbuds will indicate successful pairing.

Optimal Fit

Choose the ear tips that provide the most comfortable and secure fit for your ears. A proper seal is crucial for effective noise cancellation and sound quality. The ergonomic design ensures all-day comfort.

OPERATING YOUR EARBUDS

Touch Controls

The JBL Tune Beam 2 earbuds feature intuitive touch controls on each earbud. Specific functions can be customized via the JBL Headphones App.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Triple tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold on either earbud.
- **Activate Voice Assistant:** Press and hold on the right earbud.
- **Toggle ANC/Smart Ambient:** Press and hold on the left earbud.

Adaptive Noise Cancelling (ANC) and Smart Ambient

The earbuds feature Adaptive Noise Cancelling to minimize external distractions and Smart Ambient technology to allow you to stay aware of your surroundings. These modes can be toggled using the touch controls or through the JBL Headphones App.

JBL Pure Bass Sound and Spatial Sound

Experience powerful JBL Pure Bass Sound with 10mm dynamic drivers. JBL Spatial Sound transforms stereo sound into an immersive audio experience for music, movies, and games.

Crystal Clear Calls

Equipped with 6 microphones (two beamforming outer mics and one inner mic per earbud), the Tune Beam 2 ensures clear calls by isolating your voice and suppressing environmental noise. The VoiceAware feature allows you to hear your own voice during calls, which can be adjusted via the app.

JBL Headphones App

Download the JBL Headphones App to unlock full customization options:

- Personalize your sound experience with Personi-Fi 3.0.
- Adjust equalizer settings.
- Customize touch controls.
- Manage ANC and Smart Ambient modes.
- Adjust VoiceAware levels for calls.

MAINTENANCE

Water and Dust Resistance

The JBL Tune Beam 2 earbuds feature an IP54 rating, making them resistant to dust and splashes of water. This allows for use during workouts or in light rain. However, they are not designed for submersion in water.

Cleaning

Regularly clean your earbuds and charging case with a soft, dry cloth. For ear tips, remove them and clean with mild soap and water, ensuring they are completely dry before reattaching. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

- **No Sound/Poor Sound Quality:** Ensure earbuds are properly seated in your ears and connected to your device. Check volume levels on both the earbuds and your device. Try different ear tip sizes for a better seal.
- **Connection Issues:** Ensure Bluetooth is enabled on your device and the earbuds are in pairing mode.

Try unpairing and re-pairing the earbuds. Ensure no other devices are interfering with the Bluetooth signal.

- **Charging Problems:** Verify the USB-C cable is securely connected to both the case and the power source. Check the charging indicators on the case. Clean the charging contacts on both the earbuds and the case.
- **Microphone Issues:** Ensure the microphones are not obstructed. Check VoiceAware settings in the JBL Headphones App.
- **Earbuds Not Responding:** Place both earbuds back into the charging case, close the lid, and then reopen it to reset them.

SPECIFICATIONS

Feature	Detail
Model Name	Tune Beam 2
