Introduction

The Skullcandy Method 360 ANC Wireless Earbuds are engineered to deliver a high-fidelity audio experience with superior active noise cancelling. Designed for both incredible sound and durability, these earbuds feature Sound by Bose technology, ensuring clarity and depth in audio reproduction. This manual provides comprehensive instructions for setting up, operating, maintaining, and troubleshooting your earbuds to ensure optimal performance.

What's in the Box

Upon unboxing your Skullcandy Method 360 ANC Wireless Earbuds, please verify that all the following components are included:

- Method 360 ANC True Wireless Earbuds
- Charging Case Design™
- Ear Gel sizes: S, M, L
- Fit Fin sizes: S, M, L
- User Manual (this document)
- Micro USB-C to USB Charging Cable

Setup

1. Charging Your Earbuds

Before first use, fully charge your earbuds and charging case. Connect the provided USB-C charging cable to the charging port on the case and a compatible USB power source. The case provides an additional 29 hours of battery life, extending the total playtime to up to 40 hours. A rapid charge feature allows for 2 hours of playtime from just 10 minutes of charging.

2. Pairing with Your Device

The earbuds support Google Fast Pair for quick and seamless connection with Android devices. For other devices, enable Bluetooth on your device, open the charging case, and select 'Skullcandy Method 360 ANC' from the list of available Bluetooth devices. Multipoint Pairing allows connection to two devices simultaneously.

3. Achieving a Secure Fit

For optimal sound quality and comfort, select the ear gel and fit fin sizes that best suit your ears. The package includes Small, Medium, and Large sizes for both. Experiment with different combinations to find the most secure and comfortable fit. A proper seal is crucial for effective Active Noise Cancelling.

Operating Your Earbuds

Controls

The Method 360 ANC earbuds feature intuitive touch controls for managing playback, calls, and modes. Refer to the quick start guide for specific tap functions. These controls can be customized further using the Skull-iQ App.

Active Noise Cancelling (ANC) & Stay-Aware Mode

Experience superior active noise cancelling to block out ambient distractions, allowing you to immerse yourself in your audio. For situations where you need to be aware of your surroundings, activate Stay-Aware Mode. This feature allows environmental sounds to pass through, enhancing situational awareness without removing your earbuds.

Skull-iQ App Integration

Unlock the full potential of your Method 360 ANC earbuds with the Skull-iQ App. This application allows you to:

- Choose from 3 preset EQ settings or customize your own.
- Reconfigure button functions to suit your preferences.
- Adjust your Stay-Aware or ANC modes and levels.
- Access additional features like Voice Sidetone for calls and Spotify Tap.

Solo Bud Use

Both earbuds can be used independently. Simply remove one earbud from the case, and it will automatically connect to your paired device, allowing for flexible listening options.

Maintenance

Water and Sweat Resistance

The Skullcandy Method 360 ANC earbuds are rated IPX4 for sweat and water resistance. This means they are protected against splashing water from any direction, making them suitable for workouts and outdoor activities. However, they are not designed for submersion in water.

Cleaning and Care

To maintain the longevity and performance of your earbuds, regularly clean the ear gels and the earbud surfaces with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals. Ensure the charging contacts on both the earbuds and the case are clean and dry before charging.

Troubleshooting

If you encounter any issues with your Skullcandy Method 360 ANC earbuds, please refer to the common solutions below:

- **No Sound/Intermittent Connection:** Ensure earbuds are charged. Re-pair the earbuds with your device. Try resetting the earbuds (refer to Skullcandy support for specific reset instructions). Ensure no other devices are interfering with the Bluetooth connection.
- **Charging Issues:** Verify the USB-C cable is securely connected to both the case and the power source. Check if the charging contacts on the earbuds and case are clean. Try a different charging cable or power adapter.
- **ANC Not Working Effectively:** Ensure the ear gels and fit fins provide a proper seal in your ear. Adjust ANC levels via the Skull-iQ App.
- **Controls Unresponsive:** Ensure earbuds are charged. Try restarting the earbuds by placing them in the case and then taking them out. Check the Skull-iQ App for any custom button configurations that might be affecting expected behavior.

For more detailed troubleshooting or persistent issues, please contact Skullcandy Customer Support.
