## AIYAPLAY 370-376V90RD

# AIYAPLAY Volkswagen Beetle 12V Electric Ride-On Car User Manual

Model: 370-376V90RD

## 1. INTRODUCTION

Thank you for choosing the AIYAPLAY Licensed Volkswagen Beetle 12V Electric Ride-On Car. This manual provides essential information for the safe assembly, operation, and maintenance of your new electric vehicle. Please read it thoroughly before use and retain it for future reference. This product is designed for children aged 3 to 8 years.

## 2. SAFETY INFORMATION

Your child's safety is paramount. Always ensure adult supervision during operation. Failure to follow these safety instructions may result in serious injury.

- **Adult Supervision Required:** This product must only be used under direct adult supervision.
- **Age and Weight Limits:** Suitable for children aged 3 to 8 years. The maximum recommended load is 30 kg.
- **Operating Environment:** Use on flat, dry surfaces. Avoid slopes, uneven terrain, water, or public roads.
- **Protective Gear:** Always ensure the child wears appropriate safety gear, such as a helmet and knee pads.
- **Seat Belt:** Ensure the seat belt is securely fastened before each use.
- **Battery Safety:** Keep the battery away from children. Do not short-circuit or expose to extreme temperatures.
- **Compliance:** This product complies with safety standards EN71-1-2-3 and EN62115.

### 3. PACKAGE CONTENTS

Upon opening the package, please verify that all components are present and undamaged. If any parts are missing or damaged, contact your retailer immediately.

- Volkswagen Beetle Electric Ride-On Car Body

- Steering Wheel
- Wheels (4)
- Seat
- 12V 4.5AH Rechargeable Battery
- Charger
- 2.4G Remote Control (requires 2x AAA batteries, not included)
- Assembly Hardware (screws, washers, etc.)
- User Manual

## 4. ASSEMBLY AND SETUP

---

Assembly is required. Please follow these general steps. Refer to the detailed assembly instructions provided in the separate assembly guide for specific diagrams and fastener details.

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Install Wheels:** Attach the four wheels to the axles, ensuring all washers and locking pins are securely in place.
3. **Connect Battery:** Connect the battery terminals. Ensure correct polarity.
4. **Install Steering Wheel:** Secure the steering wheel to the steering column.
5. **Attach Seat:** Fasten the seat to the car body.
6. **Initial Battery Charge:** Before first use, fully charge the battery for 6-8 hours. Subsequent charges will take 8-12 hours. Do not overcharge.

## 5. OPERATING INSTRUCTIONS

---

The AIYAPLAY Volkswagen Beetle offers two driving modes: manual operation by the child or remote control by an adult.

### 5.1. Manual Driving Mode

- **Start/Stop:** Press the power button to turn the car on. Use the foot pedal to accelerate and release to brake.
- **Direction:** Use the steering wheel to control direction.
- **Soft Start:** The car features a soft start function to prevent sudden jolts, ensuring a smooth and safe acceleration.

# DÉMARRAGE EN DOUCEUR

Il prévient les secousses soudaines, améliorant ainsi la sécurité des enfants.

## 5.2. Remote Control Mode

The 2.4G remote control allows parents to operate the car, providing an additional layer of safety and control. The remote control distance is up to 15 meters.

- **Pairing:** Follow the instructions in the separate remote control manual to pair the remote with the car.
- **Controls:** The remote typically includes buttons for forward/backward, left/right steering, and speed selection.
- **Speed Settings:** Three adjustable speeds (3 to 5 km/h) can be selected via the remote control.
- **Emergency Stop:** The remote control usually has an emergency stop button for immediate halting of the vehicle.

### 5.3. Integrated Features

The car is equipped with various features for an enhanced driving experience:

- **Music Functions:** Built-in music, USB port for external audio.
- **Headlights:** Functional LED headlights.
- **Horn:** Integrated horn for realistic play.
- **Power Display:** An indicator to show the remaining battery power.

## 6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your electric car.

- **Cleaning:** Wipe the car with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:** Recharge the battery after each use. If storing for extended periods, charge the battery once a month to maintain its life. Disconnect the battery when not in use for long periods.
- **Storage:** Store the car in a dry, cool place, away from direct sunlight and moisture.
- **Inspections:** Periodically check all screws, nuts, and connections to ensure they are tight. Inspect wheels and tires for wear.

## 7. TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Car does not move	Low battery; Loose battery connection; Blown fuse; Motor issue	Charge battery; Check battery terminals; Replace fuse; Contact support
Car moves slowly	Low battery; Overload; Operating on uneven surface	Charge battery; Reduce load; Move to flat surface
Remote control not working	Remote batteries low/dead; Remote not paired; Interference	Replace remote batteries; Re-pair remote; Move away from interference sources
Lights/Music not working	Loose connection; Electrical fault	Check connections; Contact support

If the problem persists after attempting these solutions, please contact AIYAPLAY customer support.
