Deeyaple G4

Deeyaple G4 60W Gaming Soundbar User Manual

Model: G4 | Brand: Deeyaple

1. INTRODUCTION

Thank you for purchasing the Deeyaple G4 60W Gaming Soundbar. This manual provides essential information for setting up, operating, and maintaining your soundbar to ensure optimal performance and longevity. Please read this manual thoroughly before use and retain it for future reference.

2. SAFETY INFORMATION

- Do not expose the soundbar to extreme temperatures, humidity, or direct sunlight.
- Avoid dropping or subjecting the device to strong impacts.
- Keep the soundbar away from water and other liquids. The IPX5 rating indicates resistance to splashes, but it is not fully submersible.
- Do not attempt to disassemble, repair, or modify the soundbar yourself. Contact qualified service personnel for assistance.
- Use only the provided power cable and accessories.
- Ensure proper ventilation around the soundbar during operation.

3. PACKAGE CONTENTS

Please check the package for the following items:

- Deeyaple G4 60W Gaming Soundbar
- Power Cable
- User Manual (this document)

4. PRODUCT OVERVIEW

Key Features:

- 60W Dual Speakers:** Delivers rich bass, clear mids, and crisp highs.
- RGB Lighting:** Dynamic lights that pulse in sync with music, offering multiple atmosphere modes.
- Bluetooth 5.3:** Stable wireless connectivity with a 66-foot range.
- Extended 20-Hour Battery:** 2500mAh battery for long playback (at 50% volume with lights off).
- Waterproof IPX5:** Resistant to splashes and rain.
- Wireless Stereo Pairing (TWS):** Connect two soundbars for immersive stereo sound.
- Precision Audio Positioning:** Enhanced stereo sound effects for gaming.

Controls and Ports:

The soundbar features intuitive controls for power, volume, and RGB lighting modes. Connection options include Bluetooth, USB, and 3.5mm AUX.

5. SETUP

Powering On:

1. Connect the provided power cable to the soundbar's power input.
2. Plug the other end of the power cable into a suitable power outlet.
3. Press and hold the power button on the soundbar until the RGB lights illuminate, indicating the device is on.

Connecting via Bluetooth:

1. Ensure the soundbar is powered on and in Bluetooth pairing mode (indicated by a flashing blue light, if applicable).
2. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
3. Select "Deeyaple G4" from the list of devices.
4. Once connected, the soundbar will indicate a successful pairing (e.g., a solid blue light or an audible prompt).

Video: Demonstrates connecting a soundbar via Bluetooth and other modes. While not the exact Deeyaple G4, the

connection process is similar.

Connecting via AUX (3.5mm Audio Cable):

1. Connect one end of a 3.5mm AUX audio cable (not included) to the AUX input port on the soundbar.
2. Connect the other end of the AUX cable to the audio output jack of your device (e.g., computer, TV, smartphone).
3. The soundbar should automatically switch to AUX mode. If not, use the mode button (if available) to select AUX.

Connecting via USB:

1. Connect the soundbar to your computer's USB port using a compatible USB cable (not included).
2. The soundbar should be recognized as an audio output device by your computer. Select it from your computer's sound settings.
3. Some soundbars may also support USB drives for direct music playback. Insert a USB drive into the designated USB port.

6. OPERATING INSTRUCTIONS

Volume Control:

- Rotate the main knob on the soundbar to adjust the volume.
- Alternatively, adjust the volume directly from your connected device.

RGB Lighting Modes:

- The soundbar features dynamic RGB lighting. Use the dedicated light effect button (if available) or a short press on the main knob to cycle through different lighting modes.
- Long press the light effect button or main knob to turn the lights on/off.

Serpent pattern design

Clear edges and sharp edges highlight the sense of impact

Playback Control (Bluetooth/USB Mode):

- Use the Play/Pause button to start or pause audio playback.
- Use the Next Track and Previous Track buttons to skip between songs.

Wireless Stereo Pairing (TWS):

To connect two Deeyaple G4 soundbars for a true stereo experience:

1. Ensure both soundbars are powered on and in Bluetooth pairing mode.
2. On one soundbar, long press the TWS pairing button (refer to product diagram if available, otherwise assume a dedicated button or combination).
3. The soundbars will attempt to connect to each other. Once paired, they will function as a stereo pair.
4. Connect your device to one of the paired soundbars via Bluetooth.

7. MAINTENANCE

- Clean the soundbar with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Keep the ports free of dust and debris.

- Store the soundbar in a cool, dry place when not in use for extended periods.

8. TROUBLESHOOTING

Problem	Possible Solution
No power	Ensure the power cable is securely connected to both the soundbar and the power outlet. Check if the outlet is functional.
No sound	Check volume levels on both the soundbar and the connected device. Ensure the correct input mode (Bluetooth, AUX, USB) is selected. Verify audio cable connections.
Bluetooth pairing fails	Ensure the soundbar is in pairing mode. Turn off and on Bluetooth on your device. Move closer to the soundbar. Clear previous Bluetooth connections on your device and try again.
Sound distortion	Reduce the volume on both the soundbar and the connected device. Check audio source quality. Ensure cables are not damaged.
RGB lights not working	Press the light effect button to cycle through modes or turn them on/off. Ensure the soundbar is powered on.
