MUSTAR MEKS-800

MUSTAR 61 Key Light-Up Electric Piano Keyboard Instruction Manual

MODEL: MEKS-800

Your guide to setup, operation, and maintenance.

INTRODUCTION

This manual provides essential information for the safe and effective use of your MUSTAR 61 Key Light-Up Electric Piano Keyboard. Designed for beginners, this instrument features interactive light-up keys, a smart learning system, and a comprehensive accessory kit to enhance your musical journey. Please read this manual thoroughly before operating the product.

WHAT'S IN THE BOX

Your MUSTAR 61 Key Electric Piano Keyboard package includes the following components:

- 1x Keyboard Piano

- 1x Power Adapter
- 1x Headphones
- 1x Microphone
- 1x Music Stand
- 1x Piano Bench
- 1x Piano Stand
- 2x Keynote Stickers

Image: A visual representation of all items included in the product package, neatly arranged.

SETUP

1. Keyboard Stand Assembly

Assemble the adjustable keyboard stand by connecting the horizontal bars to the vertical supports. Ensure all screws are tightened securely for stability. The stand height can be adjusted from 25.4 to 30.1 inches to suit different users.

Image: Detailed dimensions of the keyboard and adjustable stand, highlighting the 3-level height adjustment mechanism.

2. Piano Stool Assembly

Unfold the piano stool and ensure it is locked into a stable position. The stool is designed for comfort during play.

3. Connecting Power and Accessories

Connect the power adapter to the DC 9V port on the back of the keyboard and plug it into a wall outlet. Alternatively, the keyboard can be powered by 6 AA batteries (not included) for portable use. Plug the headphones into the 'PHONES/OUTPUT' jack and the microphone into the 'MIC' jack. The music stand can be inserted into the designated slots on top of the keyboard.

Image: A detailed view of the keyboard's connectivity ports, including audio input, microphone, headphones/output, and power input.

4. Applying Key Stickers

For beginners, apply the provided keynote stickers to the keys. These stickers help identify notes and facilitate the learning process.

OPERATING INSTRUCTIONS

1. Power On/Off

Press the 'POWER' button on the left side of the control panel to turn the keyboard on or off. The digital display will illuminate upon activation.

2. Volume Control

Use the 'VOLUME +/-' buttons to adjust the overall sound output of the keyboard. Separate 'ACCOMP VOL +/-' buttons control the accompaniment volume.

3. Tones, Rhythms, and Demo Songs

The keyboard features 255 tones, 255 rhythms, and 50 demo songs. Use the 'TONE' and 'RHYTHM' buttons, along with the numeric keypad, to select your desired sound or rhythm. Press 'DEMO' to play through the pre-loaded songs.

Video: A user demonstrates various tones and rhythms available on the keyboard, highlighting the sound quality and diverse options.

4. Smart 3-Step Learning System

Engage the smart learning system using the 'ONE KEY', 'FOLLOW', and 'ENSEMBLE' modes. These modes guide you through songs, making learning intuitive. Use the 'MEMORY' buttons (M1-M4) to save your progress.

Video: A user demonstrates the light-up key feature and various sounds of the 61-key electric keyboard, showcasing its interactive learning capabilities.

5. Recording and Playback

Use the 'REC' button to record your performances and the 'PLAY' button to listen to them. This feature is useful for tracking progress and composing.

6. Dual Play Mode (Split-Tone)

Activate the 'SPLIT' function to divide the keyboard into two sections, allowing two players to perform simultaneously. This is ideal for duets or teacher-student interaction.

Double Play Mode

Teaching and learning entertainment
at the same time

Image: A mother and child enjoying the dual play mode on the keyboard, demonstrating the split-tone feature for collaborative music-making.

7. Pitch Bend and Sustain

Utilize the pitch bend wheel for expressive note bending. The 'SUSTAIN' button allows notes to ring out longer, mimicking a piano's sustain pedal.

MAINTENANCE

To ensure the longevity and optimal performance of your keyboard, follow these maintenance guidelines:

- **Cleaning:** Wipe the keyboard and accessories with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** If using batteries, remove them if the keyboard will not be used for an extended period to prevent leakage.

TROUBLESHOOTING

If you encounter any issues with your keyboard, refer to the following common solutions:

- **No Power:** Ensure the power adapter is securely connected to both the keyboard and a working power outlet. If using batteries, check if they are correctly inserted and have sufficient charge.
- **No Sound:** Check the master volume level. Ensure headphones are not plugged in if you intend to use the built-in speakers. Verify that the microphone is correctly connected if using it.
- **Keys Not Lighting Up:** Ensure the keyboard is powered on and the light-up key feature is activated (if applicable to the selected learning mode).
- **Distorted Sound:** Lower the volume. Check all cable connections for looseness.
