## MUSTAR MEKS-800

# MUSTAR 61 Key Piano Keyboard Instruction Manual

Brand: MUSTAR | Model: MEKS-800

## INTRODUCTION

---

This manual provides essential information for the setup, operation, and maintenance of your MUSTAR 61 Key Piano Keyboard. Designed for beginners, this electric keyboard features light-up keys and a smart learning system to facilitate musical development. Please read this manual thoroughly before using the product to ensure proper function and longevity.

## WHAT'S IN THE BOX

---

- 1x Keyboard Piano
- 1x Microphone
- 1x Headphones
- 1x Piano Stool
- 1x Keyboard Stand
- 1x Music Stand
- 2x Keyboard Stickers
- 1x Power Adapter

The complete MUSTAR 61-key electronic keyboard set, including the keyboard, adjustable stand, padded stool, headphones, microphone, music stand, and key stickers.

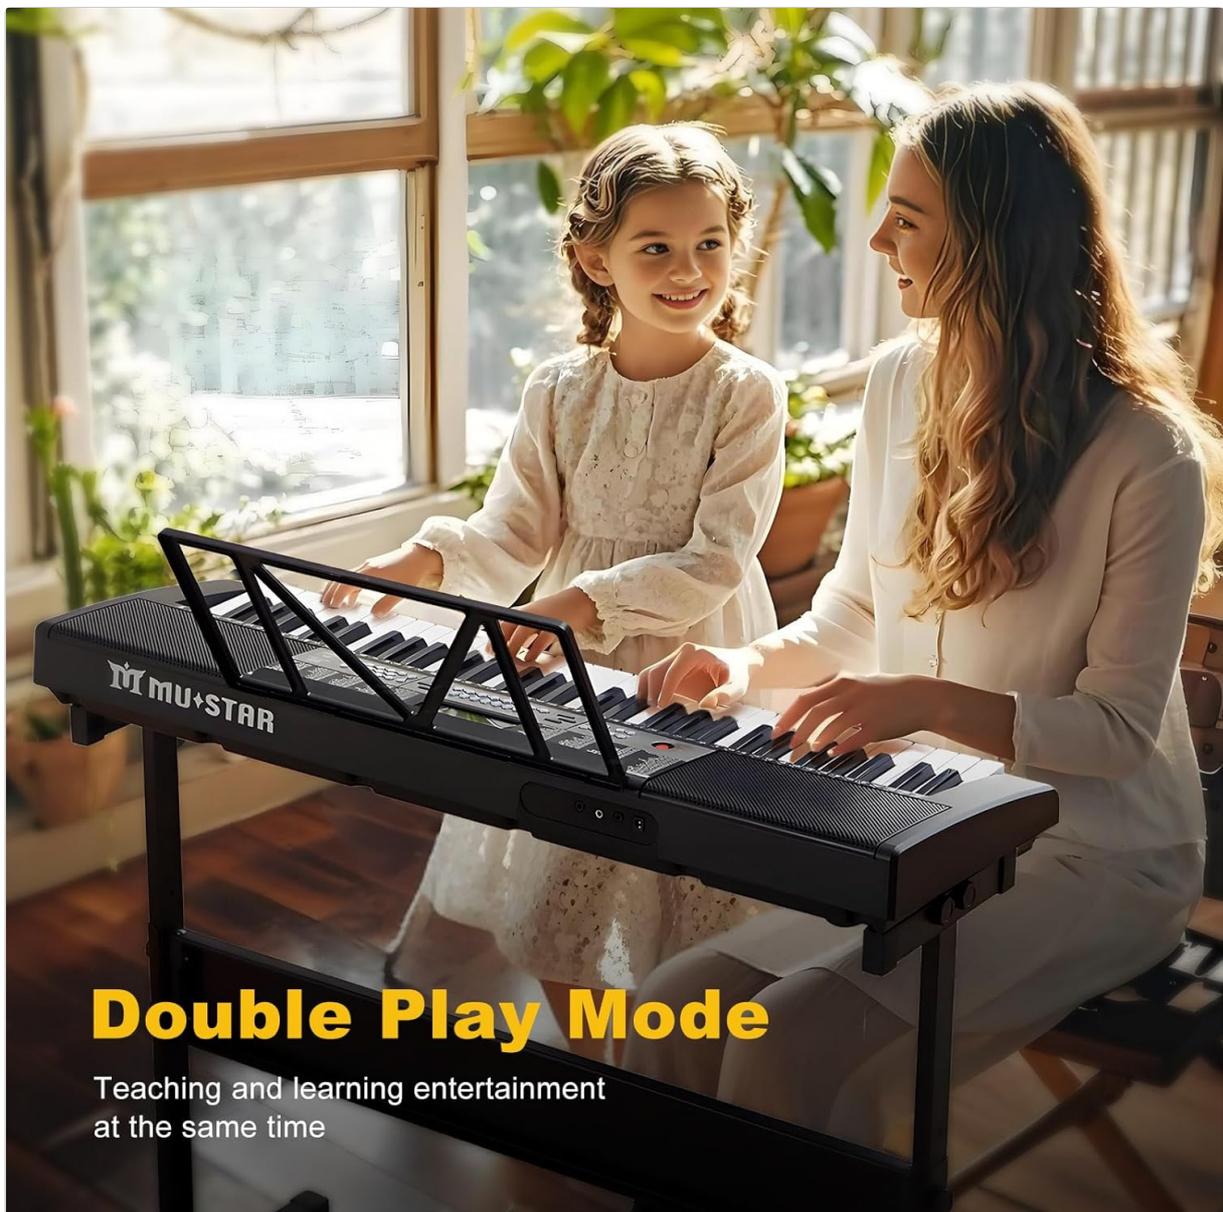

## SETUP

- 1. Assemble the Keyboard Stand:** Unfold the keyboard stand and adjust its height to one of the three available levels (25.4-30.1 inches) for comfortable playing. Ensure it is stable before placing the keyboard.
- 2. Place the Keyboard:** Carefully place the 61-key piano keyboard onto the assembled stand.
- 3. Attach Music Stand:** Insert the music stand into the designated slot on the keyboard.
- 4. Connect Power:** Power the keyboard using the included power adapter by plugging it into the DC 9V port on the back of the keyboard and a wall outlet. Alternatively, the keyboard can be powered by 6 AA batteries (not included) for portable use.
- 5. Connect Accessories:** Plug in the microphone and headphones into their respective jacks on the back of the keyboard.
- 6. Apply Key Stickers:** For beginners, apply the provided keyboard stickers to the keys to aid in learning note identification.

## Product Size

## Double Play Mode

Teaching and learning entertainment  
at the same time

The keyboard can be powered by the included power adapter or 6 AA batteries (not included), offering flexible usage.

## OPERATING INSTRUCTIONS

### Basic Controls

- **Power:** Press the 'Power' button to turn the keyboard on/off.
- **Volume:** Adjust the master volume using the dedicated volume controls.
- **Tempo:** Modify the playback speed of rhythms and demo songs.
- **Transpose:** Change the pitch of the keyboard up or down.

### Tones & Rhythms

The keyboard offers 255 different tones (voices) and 255 rhythms. Use the 'Tone' and 'Rhythm' selection buttons and the numeric keypad to choose your desired sound or beat. Refer to the manual's appendix for a complete list of available tones and rhythms.

### Demo Songs

Explore 50 pre-programmed demo songs. Press 'Demo One' to play a single demo or 'Demo All' to cycle through all available songs.

## Recording & Playback

Utilize the 'Record' function to capture your performances and 'Play' to listen back. The keyboard also supports rhythm programming for custom beats.

## Sustain & Vibrato

Enhance your sound with 'Sustain' to prolong notes and 'Vibrato' for a wavering effect.

## Metronome

Activate the 'Metronome' for precise timing practice.

## Split-Tone / Dual-Keyboard Play

The split-tone feature allows the keyboard to be divided into two sections, each with a different tone, enabling two players to perform simultaneously.

## SMART LEARNING SYSTEM

---

The keyboard features a 3-step learning system designed to guide beginners:

- **Single Key Mode:** Learn notes one by one.
- **Follow Mode:** The keyboard waits for you to play the correct note before proceeding.
- **Ensemble Mode:** Play along with the melody, focusing on rhythm and timing.

You can save your progress with 4 memory settings (M1-M4) to track your improvement.
