Zwide G105U

Zwide G105U Docking Keyboard with Touchpad and Protective Case User Manual

MODEL: G105U

1. Introduction

Thank you for choosing the Zwide G105U Docking Keyboard with Touchpad and Protective Case. This accessory is designed to enhance the functionality and portability of your Zwide Pad G105U tablet, transforming it into a versatile 2-in-1 computer. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

2. Product Overview

The Zwide G105U Docking Keyboard integrates a full QWERTY keyboard, a responsive touchpad, and a protective case with a built-in stand. It connects seamlessly to your Zwide Pad G105U tablet via a docking mechanism, providing a laptop-like experience.

Figure 2.1: An overhead view of the Zwide G105U docking keyboard with an integrated touchpad, shown alongside its protective case. The keyboard features a standard QWERTY layout with function keys, media controls, and a Windows key. The protective case is designed to hold a tablet and can function as a stand.

3. Setup Instructions

Follow these steps to properly connect your Zwide G105U Docking Keyboard to your tablet:

- 1. Prepare the Tablet:** Ensure your Zwide Pad G105U tablet is powered off or in sleep mode before docking.
- 2. Align the Docking Connectors:** Locate the docking port on your Zwide Pad G105U tablet and the corresponding connector on the keyboard. Carefully align the two components.
- 3. Secure the Connection:** Gently push the tablet onto the keyboard's docking connector until it clicks into place. The connection should feel secure.
- 4. Power On:** Once docked, power on your Zwide Pad G105U tablet. The keyboard and touchpad should be automatically recognized by the Windows 11 operating system.
- 5. Adjust the Stand:** Open the protective case and adjust the integrated stand to your desired viewing angle for comfortable use.

4. Operating Instructions

4.1. Keyboard Functions

The keyboard features a standard QWERTY layout. Most keys function as they would on a typical

computer keyboard.

- **Function Keys (F1-F12):** These keys often have secondary functions when pressed in combination with the **Fn** key. Refer to your tablet's operating system for specific assignments. Common functions include brightness control, media playback, and volume adjustment.
- **Windows Key:** Opens the Start menu.
- **Ctrl, Alt, Shift:** Standard modifier keys for various shortcuts.

4.2. Touchpad Usage

The integrated touchpad allows for precise cursor control and navigation.

- **Single Tap:** Functions as a left-click.
- **Two-Finger Tap:** Functions as a right-click.
- **Two-Finger Scroll:** Drag two fingers up or down to scroll through content.
- **Pinch-to-Zoom:** Use two fingers to pinch in or spread out to zoom in or out.

4.3. Protective Case and Stand

The protective case safeguards your tablet and keyboard. The integrated stand allows for multiple viewing angles, enhancing productivity and media consumption.

5. Maintenance

Proper maintenance ensures the longevity and performance of your docking keyboard.

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe the keyboard and case surfaces. Avoid harsh chemicals or abrasive materials. Do not spray liquids directly onto the keyboard.
- **Storage:** When not in use, keep the keyboard and tablet docked together within the protective case to prevent dust accumulation and accidental damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the device or applying excessive force to the keys or touchpad.

6. Troubleshooting

If you encounter issues with your Zwide G105U Docking Keyboard, try the following solutions:

- **Keyboard or Touchpad Not Responding:**
 - Ensure the tablet is securely docked to the keyboard. Detach and re-attach the tablet to ensure a proper connection.
 - Restart your Zwide Pad G105U tablet.
 - Check for any physical obstructions in the docking port.
- **Keys Not Functioning Correctly:**
 - Clean around the affected keys to remove any debris.
 - Verify that no software issues are interfering with keyboard input (e.g., sticky keys settings).
- **Touchpad Cursor Jumps or is Erratic:**
 - Ensure your fingers are clean and dry when using the touchpad.
 - Check for any foreign objects or dirt on the touchpad surface.

7. Specifications

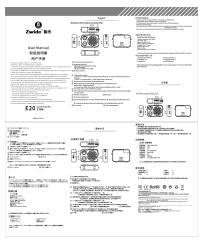

| | |
|--------------------------------|--|
| Model Name | G105U-Keyboard |
| Product Dimensions | 10.39 x 6.69 x 0.79 inches (26.39 x 17.00 x 2.01 cm) |
| Item Weight | 1.1 pounds (0.5 kg) |
| Compatible Devices | Zwide Pad G105U Tablets |
| Connectivity Technology | Docking (USB interface) |
| Color | Black |

8. Warranty and Support

The Zwide G105U Docking Keyboard is covered by a limited manufacturer's warranty. Please refer to the warranty card included with your purchase for specific terms and conditions.

For technical support, troubleshooting assistance, or warranty claims, please contact Zwide customer service through the official Zwide website or the contact information provided with your product packaging.
