## iSunirm IS-JYU-B

# iSunirm U Shaped Computer Desk Instruction Manual

Model: IS-JYU-B

## PRODUCT OVERVIEW

---

The iSunirm U Shaped Computer Desk is a versatile and customizable workstation designed for various uses, including office work, gaming, and general computing. This desk features a reversible design allowing for multiple configurations, an adjustable monitor stand, integrated power outlets and USB charging ports, and an RGB LED strip light for customizable ambiance. It also includes built-in storage shelves to help organize your workspace. Constructed with high-quality materials, the desk is designed for stability and durability, supporting heavy equipment. Adjustable leg pads ensure stability on uneven surfaces and protect flooring.

## KEY FEATURES

- **Configurable Design:** Can be assembled as a U-shaped desk, left L-shaped desk, right L-shaped desk, or a long two-person desk to suit different space requirements and preferences.
- **Adjustable Monitor Stand:** Ergonomic monitor stand with adjustable height settings (3.1", 4.3", 5.5") to reduce neck and eye strain. Provides space underneath for a laptop or keyboard.
- **Integrated Power Outlets:** Features 3 AC outlets (125V/12A) and 2 USB charging ports (5V-2A) for convenient power access for electronic devices. Includes a 5ft power cord.
- **RGB LED Strip Light:** Customizable LED lighting with 60,000 color options and 29 dynamic modes. Control via app or IR remote, with adjustable brightness and music sync function.
- **Ample Storage:** Multiple desktop surfaces and integrated storage shelves provide generous space for monitors, peripherals, and office supplies.
- **Sturdy Construction:** Made with engineered wood and a metal frame, capable of supporting up to 600 lbs. Equipped with adjustable leg pads for stability.

**U Shaped Desk**

**2 Person Long Desk**

**Left L Shaped Desk**

**Right L Shaped Desk**

## SETUP INSTRUCTIONS

Assembly of the iSunirm U Shaped Computer Desk requires careful attention to detail. Please follow these general steps. Refer to the included assembly diagram for specific part identification and fastening instructions.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the parts list are present and undamaged.
2. **Identify Configuration:** Decide on your desired desk configuration (U-shaped, L-shaped, or long desk) before beginning assembly. This will determine which panels and frame pieces you will connect.
3. **Assemble Frame:** Begin by assembling the metal frame sections according to your chosen configuration. Ensure all screws are finger-tightened initially.
4. **Attach Desktop Panels:** Secure the desktop panels to the assembled frame. Ensure proper alignment before fully tightening screws.
5. **Install Storage Shelves:** Attach the under-desk storage shelves to the designated frame sections.
6. **Mount Monitor Stand:** Assemble the monitor stand and attach it to the desktop. Adjust the height to your

preferred ergonomic position (3.1", 4.3", or 5.5").

7. **Install Power Strip:** Integrate the power outlet and USB charging station into the designated slot on the desktop. Connect the 5ft power cord.
8. **Apply LED Strip Light:** Adhere the RGB LED strip light to the underside of the monitor stand or desired desktop edge. Connect it to the power source.
9. **Final Tightening and Leveling:** Once all components are in place, systematically tighten all screws. Adjust the leg pads at the bottom of the desk legs to ensure the desk is stable and level on your floor.

## OPERATING INSTRUCTIONS

### Using the Power Outlets and USB Ports

The integrated power strip provides convenient access to power for your devices. Simply plug the desk's main power cord into a wall outlet. You can then use the 3 AC outlets for larger electronics and the 2 USB ports for charging smaller devices like phones or tablets.

## Controlling the RGB LED Strip Light

The LED strip light can be controlled via a dedicated mobile application or the included IR remote control. Ensure the LED strip is properly connected to its power source.

- **App Control:** Download the specified mobile application (refer to the LED light's separate manual or packaging for app name). Pair your device with the LED strip via Bluetooth. The app allows access to 60,000 color options, 29 dynamic modes, brightness adjustment, and scheduling features.
- **IR Remote Control:** Use the provided IR remote to change colors, modes, and brightness. Point the remote directly at the LED receiver for optimal functionality.
- **Music Sync:** Activate the music sync feature through the app or remote to synchronize the lights with audio playback, enhancing your environment.

## MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your iSunirm computer desk.

- **Cleaning Surfaces:** Wipe desktop surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish. For stubborn marks, use a mild soap solution and dry immediately.
- **Frame Care:** Clean the metal frame with a damp cloth. Ensure no moisture remains to prevent rust.
- **Check Connections:** Periodically inspect all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain desk stability.
- **Electrical Components:** Keep the power outlets, USB ports, and LED strip light free from dust and debris. Do not expose electrical components to liquids.
- **Adjust Leg Pads:** If the desk feels wobbly, re-adjust the leg pads to ensure all points are making firm contact with the floor and the desk is level.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk is wobbly.	Loose fasteners or uneven floor.	Tighten all assembly screws. Adjust the leg pads to level the desk on uneven surfaces.
Power outlets/USB ports not working.	Desk power cord not plugged in, or wall outlet issue.	Ensure the desk's power cord is securely plugged into a functional wall outlet. Test the wall outlet with another device. Check for any tripped circuit breakers.
LED strip light not turning on or responding.	Loose connection, remote battery dead, or app pairing issue.	Check all connections of the LED strip to its power source. Replace the remote control battery. Re-pair the LED strip with the mobile app if using app control.
Monitor stand height cannot be adjusted.	Adjustment mechanism is stuck or improperly assembled.	Ensure no obstructions are preventing adjustment. Review assembly instructions for the monitor stand to confirm correct installation.

## SPECIFICATIONS

Feature	Detail
Brand	iSunirm
Model Number	IS-JYU-B
Shape	U shape (Configurable to L-shape, long desk)
Product Dimensions (D x W x H)	70"D x 39.4"W x 35"H
Color	Black
Top Material Type	Engineered Wood
Base Material	Metal
Weight Capacity	Up to 600 lbs (approximate, based on material strength)
Monitor Stand Height Adjustment	3.1", 4.3", 5.5"
Power Outlets	3 AC Outlets (125V/12A)
USB Charging Ports	2 USB Ports (5V-2A)
Power Cord Length	5 ft
LED Light Features	60,000 colors, 29 dynamic modes, app/IR remote control, music sync
Assembly Required	Yes
